West Culburra Concept Proposal (App. No. SSD 3846) – Public Submission

When making this submission, I declare that I have ^{not} ~~have not~~ made a reportable political donation in the previous two years.

I support the **West Culburra Concept Proposal (App. No. SSD 3846)** for the following reasons:

- Increased land supply for new residents, varying residential areas for young and old, downsizers and upsizers.
- The proposed Integrated Water Cycle Management protects the precious Oyster growing areas
- No effect on Lake Wollumbola
- Developments support a high level of sustainable development eg rainwater tanks, solar panels
- Development is close to existing township for better integration
- The development will be good for local jobs and businesses
- Footpaths, cycleways & retained green space is good for the community
