**West Culburra Concept Proposal (App. No. SSD 3846) – Public Submission**

When making this submission, I declare that I ~~have~~ / have not made a reportable political donation in the previous two years.

I support the **West Culburra Concept Proposal (App. No. SSD 3846)** for the following reasons:

I believe that some progress needs to be made in this area with good BASICS efficiency measures in place. Jobs in this area need to be taken into consideration as there is a lack of opportunity for the younger generation to obtain suitable employment. The installation of the roundabouts should increase the safety of Culburra road and possibly have some street lighting installed. The issue of housing should cater for a lot more variety of choices in the type of dwellings. Cycleways on Culburra road should make it safer for those who use this road regularly as it is dangerous at the moment. Hopefully there will be better transport available

with more population.

Hoping my submission will be considered
