West Culburra Concept Proposal (App. No. SSD 3846) – Public Submission

When making this submission, I declare that ~~I have~~ / have not made a reportable political donation in the previous two years.

I support the **West Culburra Concept Proposal (App. No. SSD 3846)** for the following reasons:

I believe Culburra needs this development because we need growth in order to keep our existing businesses viable and maybe allow for more to give more employment to the locals. We need more permanent residents in the town and we need the children growing up here that they can stay and not have to move somewhere else to live and work. I have lived here permanently for 17 years and have seen how hard the residents have worked to get a medical center and ambulance station and would hate to see these things disappear because we could not see the reasons why we should not grow and move forward. Because without it we will surely move backwards.
