

RE: WEST CULBURRA CONCEPT PROPOSAL SSD 3846

To Whom it may concern,

I object to the proposed West Culburra Concept development SSD 3846 .

Lake Wollumboola is an internationally recognised RAMSAR Wetland and I believe this proposed subdivision has great potential to degrade this environmental treasure. This generation has a duty of care to protect this area for the enjoyment of future generations.

Installing hundreds of new houses and new roads (with hard surface run off) must have a detrimental affect on Lake Wollumboola and this cannot be an acceptable solution the Shoalhaven housing problem.

We owe it to future generations to look after this international treasure.

Regards
