Submission

Your letter

We fully support the development going ahead it's a opportunity for our retail space to prosper retail shops are now lying empty because the tenants can't survive with no support from the aging residents that reside here.

We want to encourage young people to make their home here it is such a lovely place to bring up children.Of course we need a new road coming into culburra it will eventually happen but Rome wasn't built in a day so we all should get along with change we can all live with nature most families teach there children to live harmoniously with the frogs trees etc children love it it's all about parents and families we don't want to loose our children to the cities.

We loose those children whom we educate and give them life skills only to be lost. We came from Sydney and the local vet there came from culburra was educated here and lost to the city. It's all about lifestyle and Culburra needs to change to provide this for the next generation.

Thank you
