West Culburra Concept Proposal (App. No. SSD 3846) – Public Submission

When making this submission, I declare that I have / have not made a reportable political donation in the previous two years.

I support the West Culburra Concept Proposal (App. No. SSD 3846) for the following reasons:

I believe the development will bring economic activity and jobs in this local area. Culburra has been stagnating for years and needs this development. There will be more opportunities for first home buyers and for those existing residents who wish to downsize.

According to the proposed plan each lot has to have rainwater tanks and every home built will have solar panels.

I support this development

Yours faithfully
