**Re: #7545 Proposed public entry roads for a new Coroners Court and Forensic Pathology.**

Dear Sir,

We wish to lodge our strongest objection to these proposed roads.

The former Lidcombe Hospital Precinct is listed on the NSW Heritage Register.

Main Ave and associated landscape elements are listed for their archaeological, historical and botanical significance.

“The Lidcombe Hospital has continued to be held in high esteem by the local community, including in the present day a number of local community groups, for its cultural, social and landscape values.”

The developers of the present Botanica Estate on this site have gone to great lengths and cost to uphold these values.

We believe that any further changes to Main Ave and associated landscaping greatly diminish the excellent work that has already been done.
