

Recipient: Director of Social and Other Infrastructure Assessments

Letter: Greetings,

RE: Application No: SSD 7545

I am writing to you regarding the adjacent community of Botanica. You will be aware that the proposed facility has its main entrance facing Main Avenue, which is part of Botanica estate, at Lidcombe, as well as its vehicular entry and exit to the public car park. There are clear obvious concerns around parking, traffic, etc however I want to urgently flag the existing heritage orders covering the site.

Specifically, Main Ave in Botanica is listed as a heritage significant road with NSW Dept. of Environment and Heritage, and was preserved intact when constructing Botanica, including the gatehouse, verges, brickwork around the roads (which are original) and flowerbeds. Constructing driveways into and out of Main Ave and having the main entrance to the proposed facility from Main Ave is totally at odds with the heritage significance of the road and the requirement and previous efforts to conserve it. Further, part of the area of the proposed facility is already subject to an existing masterplan – the Botanica Masterplan – which includes both sides of Main Avenue, including the grass area and brickwork – all the way to the chain wire fence.

We care for our heritage listed street and we urge you to build your vehicular entry and exit to the public car park on either Joseph Street or use your existing one on Weeroona Road, Lidcombe.

Further to our concern for our heritage listed street, we would also like to raise the below concerns that you may not be aware of.

We believe that the proposed changes to main avenue will:

- Increase parking problems, as people will park in Botanica's streets if the public entry to the court and morgue is from Main Avenue.
- Compromise the aesthetics of Main avenue, that is subject to a Heritage listing.
- Increase safety risk to our children and elderly residents within the estate.
- Lastly it will undervalue our homes in Botanica.

P.S We have gathered over 350 signatures from people that object this proposal;

please see our petition:

Jennifer Cheung	Australia	2016-07-03	I do not support a public entry and exit point in the residential street of Main Rd, Lidcombe.
Minh Nguyen	Australia	2016-07-03	We already have too much traffic from non residence people speeding through main ave whom are using it as a short cut.
Geeta Kalra	Australia	2016-07-03	Alternate road entry to proposed new Forensic& Coroners Court .
Robyn Nield	Australia	2016-07-03	The Botanica estate also houses the Korean Church and preschool on Main Avenue which is accessed most days and evenings by the public. Construction of the new apartment block and shopping village is continuing with trucks, additional work people are around Main Avenue.
Bruce Bennedick	Sydney, Australia	2016-07-03	Main Ave is listed for protection as part of the Lidcombe Hospital Precinct on the NSW Heritage Register. The developers of this estate have spent a lot of money in preserving this road and landscape. Any interference with the existing road would totally against its preservation.
Kirsty Liebeknecht	Australia	2016-07-03	I live in Botanica with my children and want to ensure their safety at all times.
Clint D'Souza	Australia	2016-07-03	The area is heritage, it will cause massive traffic issues for residents and an already congested Rookwood road all the way up to Hume Highway. Consider an entrance from Weeroona or East Streets.
mel Copeland	Australia	2016-07-03	Having lived in the Botanica Estate since 2005 we have seen the ever increasing traffic flow from non residents that has played our children at risk. There is no reason to have attendees come into the estate when easy access is available from Wonoona Road which is already an access point to the proposed site.
michael tran	Australia	2016-07-03	This will increase substantial traffic through my estate. The roads in this estate are small and narrow, for local traffic.
Elizabeth Le	Australia	2016-07-03	The proposal is ludicrous!
Wyn Blanco	Australia	2016-07-03	Safety issues
Dennis Woon	Lidcombe, Australia	2016-07-03	There are much better and suitable alternatives than what is being proposed!!
TK Yee	Strathfield, Australia	2016-07-03	I'm a resident in botanica and i agree with this petition, please use the exisiting entry&exit on weerona road for your "development"
Mandy Denham	Eastwood, Australia	2016-07-03	I am concerned about the increase in traffic flow to the estate. The streets in the estate are built with local traffic, not public traffic and access in mind and some are quite narrow. I believe there are better alternatives available for public access to the site.

Name	Location	Date	Comment
Jenny Rollo	Sydney, Australia	2016-07-03	<p>As a resident of the historically listed (NSW Heritage Register) Botanica Estate, I am appalled at the proposal to have the main entrance to the Coroner's court (and its associated carpark) within our currently safe and quiet community. Not only because it will have an impact on Main Avenue itself, which the developers of Botanica went to great lengths to preserve, but also for the safety of our residents - many of whom are elderly, young children or wheelchair bound.</p> <p>My issue lies with the fundamental design flaw in using Main Avenue as the entry and exit point to the court buildings. Main Avenue can only be accessed via southbound traffic from Joseph Street. This translates to having a huge impact on our community as visitors to the court buildings will only be able to enter Main Avenue by going through the streets of Botanica. The same will apply as visitors leave - only southbound travellers will have direct access to Joseph St, otherwise they will have to drive through our streets to get back onto Joseph Street in the northbound direction.</p> <p>The residents of Botanica completely oppose this idea!</p>
Jenson Zhang	Australia	2016-07-03	As resident of Botanica garden, I am here to require to alternate road for safety concern.
Van Thoi	Australia	2016-07-03	<p>I'm a resident in botanica and i agree with this petition, please use the existing entry&exit on weerona road for your "development"</p> <p>Your "development" is NOT Even in Botanica estate. Having the main entrance to the Coroner's court (and its associated carpark) at Main Avenue, will increase the traffic flow within Botanica.</p>
Farhan ahmad	Sydney, Australia	2016-07-03	Im a resident and we need a new entry point as people speed thru our estate and there is a accident waiting to happen as kids and familys are always walkin around the beautiful place
Christobel Llewellyn	Australia	2016-07-03	I live in Botanica from time to time.
Kristy Beaumont	Australia	2016-07-03	As a resident, I completely concur with the above reasoning for this petition.
Monica Savoldi	Australia	2016-07-03	I am concerned about the increase in traffic flow to the estate.
Stephanie Wong	Australia	2016-07-03	As a parent and resident of botanica, I believe that if there is an increase in traffic though the area, this could cause potential risks for children and people w disabilities living in the area.
Linda Broschofsky	Australia	2016-07-03	<p>I am a Botanica resident. Building public entry and exit to a public facility not even located within Botanica is unacceptable.</p> <ol style="list-style-type: none"> 1. Main Ave, its gardens, verges and palms are heritage listed and appear on the Heritage Register. 2. The construction of this entry and exit breaches the boundaries of the Botanica masterplan. 3. Non residential traffic will increase. 4. Consideration to the hundreds of residents living here and enjoying a peaceful lifestyle had not been considered. 5. A perfectly acceptable alternate public entry andvexit can be built from Weroona Rd and Joseph St. Arterial roads designed to cater for public traffic.
Emer Elias	Australia	2016-07-04	This is a residential estate not a business estate.
Poonam Redij	Australia	2016-07-04	Im a resident of botanica living on Main Ave. It will affect me, my neighbours and our beautiful community.

Name	Location	Date	Comment
Bruce Mogg	Australia	2016-07-04	Our community is home to many families where young children and people of all walks of life use the public park adjacent to Main Avenue. Furthermore, I am concerned about the increased traffic this proposal will bring to our community putting our children and disabled residents at risk.
Bruce Bennedick	Sydney, Australia	2016-07-04	Botanica Estate is not fully hosed yet and we have traffic problems now. Further non residential traffic would make chaotic and dangerous.
Hussien Hamade	Australia	2016-07-04	Supporting local families, to keep them safe
Indri Hardjasatya	Australia	2016-07-04	My family lived in Botanica estate for 3 years and valued its close knit community and safety for families and young children. The estate is not a thoroughfare for public roads.
Abhi Redij	Australia	2016-07-04	I'm a local resident and concerned with the safety and risk that the access will pose to kids and seniors in the estate. Access should be off weeroona road as that is the main street and will control unwanted traffic though the estate.
Natalie Stewart	Australia	2016-07-04	As a resident and one that lives on Main Ave, I am appalled by the prospect of this proposal going ahead. Many of the houses on this road are situated very close to the street (most within a few meters) the increased traffic is not only going to create more noise on our suburban street, but I also have serious concerns about safety. There are large sweeping bends on Main Ave, with more traffic there will inevitably be more cars parking on the street making these virtually blind bends more hazardous to navigate. This proposal needs to be reconsidered and an alternative entry must be arranged.
Sunila Kotwal	Australia	2016-07-04	As described above, it's unfair to Botanica to have a public entrance through the quiet residential estate when there is an option of another entrance via Weerona Street.
Vicki Bell	Australia	2016-07-04	I'm signing because it's ridiculous to have the entry road be in a housing estate where there are disabled, elderly and children about as well as the car traffic the estate already has. This is a private estate and we dont need the extra traffic or people parking outside our homes disturbing the community environment
lucy torrisi	Sydney, Australia	2016-07-04	I am proud to live in Botanica - its a place with amazing community spirit, is safe and peaceful, and is so rich in history that has been diligently conserved by the developers and local heritage society. This ludicrous proposal threatens the fabric of Botanica, shows a blatant disregard for residents, and a reckless indifference to the heritage listing afforded to the area. I hope this petition gives NSW Health Services a clear message that the people, culture and history of Botanica is not to be compromised
Kevin Cheung	Australia	2016-07-04	I am a resident and the proposal will increase traffic into the estate. I believe there are other alternatives then having the entry in Main St.
Nick Maroota	Australia	2016-07-04	I do not believe this has not been thought out properly. There is already an access off Weeroona Road, why does it need an additional through a Heritage area.
Michael Todd	Australia	2016-07-04	This change needs to happen
George Darnton	Australia	2016-07-04	The proposal to direct traffic flow through the narrow streets designed for local traffic only is a ridiculous idea that will create a dangerous situation for all residents of the Botanica Estate.

Name	Location	Date	Comment
Aimee Jaques	Australia	2016-07-04	<p>The streets around Botanica are packed enough as it is, why would anyone in their right mind think about increasing the amount of cars.</p> <p>It's hard enough to drive through our estate with the large amount of blind corners and bends it already has.</p> <p>Please reconsider</p>
Eva Spata	Australia	2016-07-04	My parents live in botanica and I agree with the reasons stated in this petition
Paije Needs	Australia	2016-07-04	I'm a resident of Botanica and totally agree with the need for an alternative, external to the Botanica Estate.
Alessandra Ramachandran	Australia	2016-07-04	I am a resident of Botanica. We have very narrow streets in our area and we already have to take great care getting in and out of Botanica. More traffic will only make this situation worse and the potential for accidents will also increase.
Frank vu	Sydney, Australia	2016-07-04	I am against the proposal...! Botonica estate belong to Botonica... Coroner court must find another entrant and exit road
Tim Rusten	Australia	2016-07-04	I don't want increased traffic on a quiet residential road beside a children's park with pedestrians
Volker Grimm	Australia	2016-07-04	The proposed entry to the new facilities does not provide northbound access to main roads (Joseph Street) for anybody leaving the facilities. Traffic would be forced into a small residential estate with narrow roads, high pedestrian activity, children's playing, and a higher then normal density of disabled people in the streets due to caring facilities within the compound. Northbound exit from the residential estate is possible only through one street which is not fit for taking any additional traffic. A direct access to the new coroners facilities from Joseph Street would easily circumvent all of these issues.
Mitch Cruz	Australia	2016-07-04	I support this change.
Tuan Nguyen	Australia	2016-07-04	I support this petition
Marianne Mullally	Australia	2016-07-04	I live in Botanica and do not want Coroners Court traffic entering or exiting the residential area. Weroona Road should be the only entry and exit to the Coroners Court.
Serena Chan	Australia	2016-07-04	I support this.
Franca Pirreca	Australia	2016-07-05	I live in beautiful Botanica and want to uphold the peacefulness and quietness of this unique place and this proposal will impact on our roads and streets.
nadia velkou	Australia	2016-07-05	I live in Botanica and as it is traffic is horrific and it's a residential area. With all that has been imposed since buying in this estate I would have considered my purchase with prior knowledge.
Catherine Hackett	Australia	2016-07-05	As a resident of Botanica with a young family, the threat of increased traffic through main avenue is of great concern for my children's safety.
Tom Mullally	Australia	2016-07-05	Very simple solution would be to put a slip lane from Joseph St into the existing pathology site. The slip lane that services residential access (Main Ave) would become dangerous if cars were stopped on Main Ave looking for the entry of the Pathology facility.
Rachel Barker	Australia	2016-07-05	Our estate would suffer greatly if there was an increase in non residential traffic.
Kevin Lee	Australia	2016-07-05	I believe the additional traffic will start to increase flow and become unsafe to residents.
Chase Siegert	Australia	2016-07-05	Why would anyone think its a good idea to increase the traffic in the estate, the roads are narrow as it is. Typical illogical planing from the government.

Name	Location	Date	Comment
Robert Keskull	Australia	2016-07-05	I'm signing because I'm a Botanica resident and I'm concerned about public safety issues associated with the public traffic access design of this project.
Andrew Nguyen	Australia	2016-07-05	I'm a local resident and am very concerning regarding the impact on our community of this goes ahead. The local roads in the botanica estate are already very congested and narrow due to parked cars.
Diana Leung	Australia	2016-07-05	I'm a Botanica resident and I'm concerned about public safety associated with the public traffic access design of this project.
dennis ong	Australia	2016-07-05	I have a safety concern as traffic build up on residential area. Where most cars these days are ignorant. And drive as they wish. And there are not always any traffic enforcer to enforce the rule. We dont want to have any bad things happen. We preventing before it happend.
Belinda Barnes	Australia	2016-07-05	I live in Botanica, and have a safety concern regarding this entry point.
Karen Quirke	Australia	2016-07-05	I don't want our estate used as an entry into the coroners court. Getting on and off Joseph street is already difficult with high traffic volume.
Angela Darnton	Australia	2016-07-05	I totally agree that having an entrance in Main Road will cause chaos to the residents.
Joanne Zarb	Australia	2016-07-05	I'm a resident and support this group"s suggestion of an alternative via Weerona Rd.
Sylvia nguyen	Australia	2016-07-05	I am a resident of Botanica & wholeheartedly agree with the points outlined in this petition.
Susan Hudson	Australia	2016-07-05	I'm signing because I want to preserve the Botanica community as it is rather than introduce increased traffic throughout the estate. The roads are very narrow as it is - let's minimise the traffic flow as much as possible.
jana kirsten	Australia	2016-07-05	It's important that we honour the heritage status of Main Avenue as well as act in the best interests of the safety of our local community.
Alan Kirsten	Australia	2016-07-05	Singular access into and out of Main Avenue will make the road VERY busy. This Is a a residential area after all. Bear in mind on the other side of the proposed building is a main thorough fare that will allow better access and exit routes. The planners need to rethink and take into account the entire area.
Michael Thorne	Lidcombe, Australia	2016-07-05	This obviously has not been thought through by the Govt Authorities. So many issues guys
Thai Dang	Australia	2016-07-05	I don't want too much out side people come to Botanica.
Jessa Darmawan	Australia	2016-07-05	A friend
Dorianna Chen	Australia	2016-07-06	I'm a resident, and I support this petition!
Jen Chen	Australia	2016-07-06	I live here !!!
Lewis Coombe	Australia	2016-07-06	It would be such a shame take away the serene and peaceful environment that all residents within Botanica have enjoyed. An alternative entry and exit points should be looked into.
Michelle Singh	Australia	2016-07-06	I live closeby to the proposed entrance, this will lead to excessive traffic on the nearby and surrounding streets. In addition this will lead to increase in crime rates, excess traffic at the only traffic lights that exit the area as well as increased noise pollution. The streets in botanica are for small to medium cars and this is already difficult to navigate when using the streets due to narrow roads. There is already an existing main road - Weerona road that is utilized for high traffic and large vehicles, which would be better alternative for all the residents in botanica.

Name	Location	Date	Comment
Tun Pin Ong	St Leonards, Australia	2016-07-06	There should be an alternative access to the site, i.e. Weeroona Road with close access to a traffic light. If the entry and exit are at Main Avenue, visitors will get confused as arriving and leaving will be of different routes. This is a very poorly designed site planning and the impacts to the residents are great and unnecessary.
William Le	Darling Point, Australia	2016-07-06	I'm signing because heritage conservation is paramount to history and character and does not compromise functionality and practicality especially if there's a viable alternative to access. Thank you.
serena Rodriguez	Australia	2016-07-07	I am signing for the safety of the children. This estate has lovely quiet streets which will now be the opposite if these plans go ahead. The community will no longer have a strong sense of security.
Maria Demartino	Sydney, Australia	2016-07-07	Main Avenue is a significant Heritage listed roadway, is part of my home that is the Botanica Estate which is a quiet community of families with children, is home to Ferguson lodge for the disabled and as such is not an acceptable public entrance/exit for the Coroner's court and pathology lab. Weeroona road is the obvious choice for entering and exiting the court and lab causing no impact on a heritage listed area or any danger to our quiet family oriented community or the disabled inhabitants of Ferguson Lodge.
Diana Humphries	Australia	2016-07-08	I support the message in this petition. Safety for all residents - children, people with disabilities, older people and all those moving around our community. This is a purpose built residential area. There are other options which the government can investigate - especially via Weeroona Rd.
Erwan Eli	Australia	2016-07-08	This will make Main avenue more traffic and more risky for kids and wheelchairs
Ross Brodie	Australia	2016-07-10	As a resident I am concerned with the extra flow of traffic the Forensic Coroners court entry would pose causing dangers with the many children who live in botanica Main ave area. Main ave is already a speed related danger road with its straight road and sweeping blind corners. We have already extra traffic from the Oroina Church in Main ave and new units now being built and occupied soon. A alternate entry would surely be sensible.
Anita Brodie	Australia	2016-07-10	A entry in Weeroona Rd as an alternate where there are traffic lights would surely be sensible entry for Forensic Coroners Court . Residents of Botanica are already congested on traffic and park space due to Korean Onori Church and new block of 19 units being built seemed to be occupied along Main Avenue of Botanica entrance. Botanica is a residential area preferred for peaceful living with low speed zone not to be ruined by another government expensive project!
Bernadette Brady	Australia	2016-07-10	I think this proposal will unnecessarily disrupt the heritage of this estate.
Aamer Sadiq	Australia	2016-07-10	It's unnecessary to build entry from Main street and better alternative is available which should be used.
Robert Boland	Australia	2016-07-11	I object to the effects the proposed changes to traffic flow will have on the heritage precinct of Botanica and because alternative entry and exit routes onto Weeroona Rd already exist that would more than adequately serve the facility.
Fiza Lam	Australia	2016-07-12	I do not want the coroner court to construct next to my home.
Frederick Bernardino	Australia	2016-07-17	I would like to keep Botanica as safe and peaceful as possible for all residents as I am a resident of Botanica myself

Name	Location	Date	Comment
Levent Ersan	Australia	2016-07-18	Im a long term resident of Botanica, I have seen the periodic growth of greed by the developers of this area by increasing the density of recent developments. Now we are seeing the State governments planning of future development without considering the impact to the current environment of the area. Not really surprised after the cutting down of the historic fig trees along Anzac Prd. The Lidcombe Heritage Council fought hard for this beautiful place we live in, lets put in a stronger effort to preserve it.
James Zhuo	Regents Park, Australia	2016-07-19	<p>I am worry that this can potentially undervalue our homes because of the morgue. I mean who wants a morgue next to our homes?</p> <p>This will also increase traffic to what's currently a great residential area for families, thus increasing risk of accidents for our kids and the elderly.</p> <p>I am also concerned that this will create parking problems as the Korean church already brings on Sundays and Wednesday evening. With the commercial area that is now being developed, this would only increase. Having the State Coroner's Court and Morgue here will only make it worst.</p>
Joseline Zaydan	Australia	2016-07-20	it would be such a shame to ruin this quite and family friendly neighborhood making it a busy thoroughfare. We were attracted to this neighborhood because it is quite and peaceful.
Mark Beckett	Australia	2016-07-21	Botanica home owner and resident.
Paul Sant	Australia	2016-07-22	I am a botanical resident & the proposal is dangerous for local residents & lacks common sense
shafiquel chowdhury	Australia	2016-07-23	to safe our locality from traffic congestion and noise. security will be compromised and residential value will be downgraded. SSD 16_7545
Inn Tan	Australia	2016-07-23	We need to continue protecting the heritage of this area and ensure the safety of residents in Botanica is safeguarded.
Alison Sotelo	Australia	2016-07-24	<p>Botanica is a private estate</p> <p>That is not changing</p>
Jessica Li	Australia	2016-07-25	Against to build the public entry and exit of Main Avenue within our community estate.
Zainab A Younus	Australia	2016-07-25	We moved to botanica as we found it very peaceful and safe for the kids and with the proposed changes I feel the area will get congested and more cars will come on our street!
Glenda Yau	Australia	2016-07-25	I strongly demand an alternate entry to the proposed new forensic and coroners court.
Harrison Qu	Australia	2016-07-26	I am signing because I deeply care about my community and my well being. Here in Botanica, it is a lovely and quiet place and I would like it to be maintained this way.
Yi Chen	Lidcombe, Australia	2016-07-27	road should be directly from the main road, such as Joseph St or Weeroona rd to easy navigate people.
John McMahon	Australia	2016-07-27	keep the entry direct and simple not to create another issue
Elise Furlong	Sydney, Australia	2016-07-27	Our heritage needs to be preserved.
Annie Tran	Australia	2016-07-28	I am a resident and property owner, and I care about the area where I live.
My Duyen Tran	Australia	2016-07-28	I am a resident and I wish to support this petition.

Name	Location	Date	Comment
Adem Agar	Australia	2016-07-28	I am a family member and temporary resident at Botanica and I support this petition.
나 여원	Australia	2016-07-29	I signed.
Ikjae Choi	Australia	2016-07-29	I signed
Dave Harding	Australia	2016-07-31	Protect the heritage of the area
Helen Dang	Sydney, Australia	2016-08-02	I'm signing because this is an inappropriate place to build a morgue and coroners court. It will affect the prices of our homes. Nobody wants to live next door to dead bodies. Also, what will our children think? There are psychological repercussions here. They'd be too scared to venture out to the park if they knew they'd have to get past the morgue. Totally inappropriate.
Kathiresu Nandakoban	Australia	2016-08-03	I m signing this petition because. The current proposal has an adverse effect on our house in Palm Circuit.
Joanne Trebus	Australia	2016-08-05	I work in the grounds of the Botanica Housing Estate with people with Spinal Cord Injuries and feel the extra traffic generated by this driveway may be detrimental to them and children using the roads around Botanica, the roads are already very narrow and more traffic will cause greater problems. It is also already difficult enough to get out onto Joseph Street with the amount of traffic from the estate without adding more to it.
John Ivanac	Australia	2016-08-09	IT WILL INCREASE TRAFFIC throughout the estate, particularly Botanica Drive, Betty Cuthbert Drive, Peppertree road, Grevillea Cres, Palm Circuit, Sussex St and Main avenue, as cars will be forced to drive through Botanica to get to / from the Court and morgue as the exit from Main avenue to Joseph St is Left hand turn (i.e. Southbound) only. -IT WILL create parking problems, as people will park in Botanica's streets if the public entry to the court and morgue is from Main Avenue. - IT WILL compromise the aesthetics of Main avenue, that is subject to a Heritage listing. -IT WILL INCREASE safety risk to our children and elderly residents within the estate....
John Ivanac	Australia	2016-08-09	IT WILL INCREASE TRAFFIC throughout the estate, particularly Botanica Drive, Betty Cuthbert Drive, Peppertree road, Grevillea Cres, Palm Circuit, Sussex St and Main avenue, as cars will be forced to drive through Botanica to get to / from the Court and morgue as the exit from Main avenue to Joseph St is Left hand turn (i.e. Southbound) only. -IT WILL create parking problems, as people will park in Botanica's streets if the public entry to the court and morgue is from Main Avenue. - IT WILL compromise the aesthetics of Main avenue, that is subject to a Heritage listing. -IT WILL INCREASE safety risk to our children and elderly residents within the estate
Barry North	Australia	2016-08-09	I object to Main Avenue and Botanic Drive be used as an access to the proposed relocation of the proposed relocation of the Coroners Court (FPPC) at Lidcombe.
Roseanna North	Australia	2016-08-09	I support the petition and reasons regarding objecting to using Main Avenue as the public entrance to a new coroners court and forensic pathology laboratory.
Ant Brien	Old Toongabbie, Australia	2016-08-11	The Lidcombe Hospital and Botanica area is a heritage listed sight and has great significance to the area. It would be awful to see this area compromised when there are other viable options on the table.
Lisa Hulme	Australia	2016-08-11	I am about to move into the area and I believe that increased traffic could compromise the aesthetics of the area and the safety of the residents.

Name	Location	Date	Comment
Jessica Sant	Australia	2016-08-15	I live in the estate and don't want this to effect my quality of life.
Jessica Harding	Australia	2016-08-16	I am interested in purchasing in the area and am being deterred by all the proposed new building: including the transfer of Glebe morgue, the coroners court and the detention/prison
Frances Hannaford	Australia	2016-08-16	You can't build a morgue where people live! Think of the families and think of the children! This isn't a business, Luke Foley (you bellend), this is people's LIVES. You can't toy with that! The Council is here to make our community a better, safer and happier place to live. By placing a Morgue and a Court will only take away from the safe, peaceful society of Botanica. It's NOT fair for anyone.
Lisa Brien	Australia	2016-08-16	My friend lives here.
John Hannaford	Australia	2016-08-17	The Liberal Party is intent on destroying the social fabric of a large and peaceful crime free enclave of largely young multicultural families in the western suburbs. Disgusting and shame on the Liberal Party.
