Department of planning and environment

Director –Social and other Infrastructure Assessments

GPO Box 39

Sydney NSW 2001

Dear Director,

I would like to send you this letter as an objection to the new structure you are planning on building near my house in Botanica, Lidcombe. (Forensic Pathology and Coroner's Court)

I like being able to go out and play with my friends safely and not worry about strangers and lots of cars driving very fast down my road. I live near Main Avenue and all the new cars would make the roads very unsafe for me. The roads are very narrow and if a car is parked on the side it makes it very hard to see traffic. Most people who live here drive very slow cause they know the children are out playing in the park.

I like living in my quite estate and I don't like that you are going to allow lots of cars and people come into the estate all day and night.

Can you please make sure that you don't have an entrance or exit on main avenue or anywhere else in Botanica residential estate? Please leave only homes and not a big Government business like a Forensic Pathology and coroners Court.

Kind regards

Jordan Elias
