Dear Ms Bakopanos

**Re: Notice of Exhibition of EIS - Horsley Drive Business Park - Stage 2 - Fairfield LGA**

Thank you for the opportunity to provide advice on the above matter. This is a response from NSW Department of Industry – Geological Survey of New South Wales (GSNSW).

**General Information**

GSNSW has no comments or recommended conditions of consent regarding the EIS as there are no current mineral, coal or petroleum titles over the site and the proposal should have no impact upon mineral, coal or petroleum resources.

**Geoscience Information Services**

The GSNSW has a range of online data related to mineral exploration, land use and general geoscience topics:

<http://www.resources.nsw.gov.au/geological/online-services>

The location of current exploration and mining titles in NSW, explanations of mining and production titles and the roles of community and government in the decision making process for mining/resource projects may be accessed by the general public using the following online utilities:

<http://commonground.nsw.gov.au>

Queries regarding the above information, and future requests for advice in relation to this matter, should be directed to the GSNSW Land Use team at [landuse.minerals@industry.nsw.gov.au](mailto:landuse.minerals@industry.nsw.gov.au).

Yours sincerely

Cressida Gilmore  
Manager - Land Use
