RE: Section 75W Modification request, Dolphin Point MP_005_0024

Dear Patrick

Thank you for the opportunity to provide comment on the section 75W modification for MP_005_0024 at Dolphin Point. We understand the modification seeks to amend the wording of conditions E5(3)(a) and G1 to amend the restrictions relating to dogs. We support the proposed amendment which will permit companion dogs to be kept on any lot within the subdivision, on the condition they are restrained to the property or secured on a leash. The proposed amendments are restated below:

E5(3)(a) *"To protect native fauna in the locality, no cats may be kept on any allotment at any time and dogs are to be confined to the curtilage of each dwelling house or secured on a leash."*

G1 *"To protect native fauna in the locality, no cats may be kept on any allotment at any time and dogs are to be confined to the curtilage of each dwelling house or secured on a leash."*

Should you require any further information, please contact me on 4224 4176 or via email jedda.lemmon@environment.nsw.gov.au.

Yours sincerely

JEDDA LEMMON
