Dear Genevieve,

**Mangoola Mine
Mangoola Coal Continued Operations Project (SSD 8642)**

The proposed extension of mining to a new area north of Wybong Road and the extraction of an additional 52 Mt of ROM coal by open cut methods does not lie within a DSC Notification Area. The closest Notification Areas lie to the southeast and surround Mangoola Coal's Raw Water, Pit Water and Start-up tailings dams.

It is noted that MCCO have acknowledged that any dams required to be constructed for water management will be subject to assessment in accordance with Dam Safety NSW requirements, to determine if any will be Declared Dams.

The DSC has no recommendations for the Mangoola Coal Continued Operations Project.

Yours faithfully,

C. Salkovic
Executive Engineer
Dams Safety Committee
