**Subject:** Mangoola Coal Continued Operations Project SSD 8462

Dear Ms Seed

I object to approval for the Mangoola Coal Continued Operations Project SSD 8462 because of the failure of Mangoola Coal to Comply with its Obligations and our request to Noise Mitigate my family's home, Residence 205, Significantly Noise Impacted, as was/is required in the DOP Approvals for Anvil Hill (Mangoola Coal), Specific Environmental Conditions No's 3 and 8 and listing in Table 1, from inception 2007 and which Obligation remains unfulfilled.

Dr Louise Shewan
