Dear Mr Meyerson

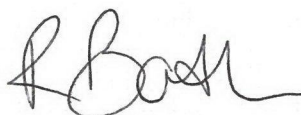

RE: CENTENNIAL MYUNA PTY LTD (CENTENNIAL) SECTION 75W MODIFICATION - MYUNA COLLIERY (MP10-0080 MOD 1)

I refer to your email dated 24 November 2014 requesting comments from the Office of Environment and Heritage (OEH) on the Myuna Colliery Modification 1 Environmental Assessment (EA). OEH understands that the proposal involves increasing the approved run-of-mine coal production limit from 2 million tonnes to 3 million tonnes per annum, and increasing the number of workers at the mine from 210 to 300.

OEH has undertaken a review of the EA for the above project. As the proposal is more of a procedural matter and there will be no increase to the extent of the mine beyond existing approvals, OEH has no objection or comment to make regarding the proposed modification.

If you require any further information regarding this matter, please contact Ziggy Andersons, Regional Biodiversity Conservation Officer on 4908 6820.

Yours sincerely
