Dear Mr Meyerson,

### **Myuna Colliery (10\_0080 Mod 1) Proposed Modification**

I refer to your email dated 24 November 2014 requesting advice from the Department of Primary Industries (DPI) in respect to the above matter.

#### Comment by NSW Office of Water

The Office of Water has reviewed the proposal and has no objections. The existing conditions of approval are suitable for the modified project proposal.

For further information contact Brendan Mee, Water Regulation Officer, (Newcastle Office) on (02) 4904 2524 or at [brendan.mee@water.nsw.gov.au](mailto:brendan.mee@water.nsw.gov.au).

#### Comment by Agriculture NSW

Agriculture NSW has reviewed the proposed modifications and provides the following advice.

As the mine extension is in the main under Lake Macquarie and there is no commercial agriculture near or above the extended extraction areas, Agriculture NSW has no outstanding issues or requirements for the development, or the necessity for the NSW Office of Agriculture Sustainability and Food Security to provide additional advice.

For further information please contact Andrew Docking, Resource Management Officer (Richmond office) on 4588 2128, or: [andrew.docking@industry.nsw.gov.au](mailto:andrew.docking@industry.nsw.gov.au).

Yours sincerely

Kristian Holz
