

Rix's Creek South Modification 10

Extension of time

Modify DA 49/94

To Department of Planning and Environment

We object to the modification due to these concerns

1. No Map or diagrams of the area which related to DA49/95
2. No information on where the extension of time to mine is located
3. No Information related to the non-compliance area which was disturbed and there was no EIS for the area
4. The modification should constitute assessment under the new NEPM air quality standard
5. The air quality assessment should be done under the EPA 2016 air quality guidelines
