Letter: Greetings,

Stop the Bringelly Road Business Hub Nulon Motor Oils facility

## **Comments**

Location	Date	Comment
West Hoxton, Australia	2018-02-09	This type of industry doesn't belong in the areas noted as the most family friendly suburbs, polluting our air, noise, water, surrounds ect. THIS MUST BE STOPPED!!!!
Australia	2018-02-09	This proposal is not light industrial, it heavy industrial. Allowing a oil preparation plant next to a gas main and water way is an environmental disaster waiting to happen. Please look at this area as a whole. There is high density housing, parklands, water way and gas main. Not the perfect location for such hazardous chemicals plant. Business see the main junction transport line as perfect spots without seeing what else is already survive in the surrounding areas. Hazardous materials need to be contained within heavy industrial zones not residential and park/wetlands. Please consider the local residents.
Australia	2018-02-09	This development is too close to residences and local schools
Sydney, Australia	2018-02-09	This development is too close to residences and local schools. I object to it for future kids.
Edmondson park, Australia	2018-02-09	This is not an industrial area to start such a plant and this plant will cause more pollution to the nearby suburbs.
Sydney, Australia	2018-02-09	This is too close to homes and schools and has no place in an urban area. Therr are pleanty of industrial areas this business could base themselves
Australia	2018-02-09	This land was released for light industrial use only. I believe that having an oil manufacturing plant and the storage of aerosol cans is a major threat to the community/environment. The land is prone to bush fires and to build such a large factory with extremely hazardous liquids in a residential area could be catastrophic should something go wrong. The company had an incident where 48 people suffered from nausea, vomiting, headache, migraines, sore throats and rashes. This was due to human error and I don't want my family to live in fear daily that a major incident may occur. There are other areas that are zoned for heavy industry and our homes is definitely not the place.
Aylmerton, Australia	2018-02-09	I don't agree with it
Australia	2018-02-09	Too close to residential and I don't believe it's a Light Industry facility
Sydney, Australia	2018-02-09	What a terrible development for the area, it's surrounded by homes and bushland. It needs to be moved somewhere else.

Name	Location	Date	Comment
	Australia	2018-02-09	This is so close to homes, playgrounds and schools to name a few. This shouldn't be considered for a developed community but rather placed where it will have a minimal toll to its surroundings. This area and multiple surrounding estates are somewhat over populated. Imagine how catastrophic this would be to so many lives, and the environment. This site should be for small businesses with NO environmental risk.
	Australia	2018-02-09	Houses there before building. Dangerous chemicals. No. If was there before houses different story (like whingers near Sydney airport)I don't live in area anymore but still say NO
	Russell Lea, Australia	2018-02-09	Shear madness bringing this toxic factory so close to homes
	Australia	2018-02-09	I am a resident of Horningsea Park and don't want this in my back industrial development in my back yard. The place will House dangerous goodsWhen I bought in Horningsea Park 16 years ago there was no mention of this type of development The land should be used for the benefit of the community as young families and new estates surround the proposed development. I strongly recommend that the application be declined and the land used for the betterment of the community.
	Australia	2018-02-09	This will adversely affect the health and safety of my family and those of our community.Not in our neighborhood.
	Australia	2018-02-09	This sort of manufacturing should be away from housing, childcare, schools and the general public. We should be able to live in our homes without the treat of chemicals and the smell it will cause
	Richmond, Australia	2018-02-09	Should be out in the country not near a growing population
	Australia	2018-02-09	It's definitely dangerous and hazardous yo have oil plant so close to residential and schools area. We dont want this but want parks.
	Castle Hill, Australia	2018-02-09	For such a large scale, selfish company and their horrible impact they are making on the residential environment.  Not to mention the land is designated for parklands and community buildings.
	Australia	2018-02-09	I'm signing because this kind of manufacturing should never be allowed so close to homes
	Sefton, Australia	2018-02-09	I am against it due to the polution and health hazard ##
	Australia	2018-02-09	You can't safely have or store these pollutants and fire hazards in an area like this. Way too dangerous.
	Casula, Australia	2018-02-09	It's a ridiculous proposal that has no place in a residential area.

Australia 2018-02-09 I don't want this 2 mins from my house, it will devalue our Jones and ruin our area.  Sydney, Australia 2018-02-09 It would impact the health of the local and environment Dubrovnik, Croatia 2018-02-09 I am signing petition because oil company eill destroy life of people around area  Abbotsbury, 2018-02-09 Bringjelly business hub is not an industrial area. Keep the oil manufacturing and pollution away from residential homes  Sydney, Australia 2018-02-09 Pero is my Mate . I do not want the stink around my house. Australia 2018-02-09 Of the health and well being of my children and the impact to our environment  Australia 2018-02-09 This is an area with many young families. It will be very dose to local schools, homes and cafes. This will impact on everyone in the surrounding area.  Australia 2018-02-09 This is an area with many young families. It will be very dose to local schools, homes and cafes. This will impact on everyone in the surrounding area.  Australia 2018-02-09 This is used that may arise from having chemical pollutants dispersed into the environment.  Cecil hills, Australia 2018-02-09 Why do they always do this in western Sydney? This will definitely have an impact on the environment. Build this plant somewhere in the north shore see how that works out for them. Cheers,  Australia 2018-02-09 We don't want a huge oil refinery accident waiting to happen it's too dangerous and too close to residential area as the effects are too great to the community!  West Hoxton, Australia 2018-02-09 We do not need oil manufacturing & pollution in our area. We have a lot of families in the surrounding residential areas. It will have a huge impact on the families, community & environment  Australia 2018-02-09 This is not the right location for such a business.  Middleton Grange, Australia 2018-02-09 Nobody should be able to decide that the known potential effects of this plant are acceptable around my family. Nobody or business has the right to put my family in harm's way.	Location	Date	Comment
Dubrovnik, Croatia  2018-02-09  I am signing petition because oil company eill destroy life of people around area  Abbotsbury, Australia  2018-02-09  Bringjelly business hub is not an industrial area. Keep the oil manufacturing and pollution away from residential homes  Sydney, Australia  2018-02-09  Pero is my Mate . I do not want the stink around my house. ame	Location	Date	Comment
	Sydney, Australia	2018-02-10	This is wrong why does it need to be in a residental area it should be where it can cause no damage and my Son and his family live there
	Croydon, Australia	2018-02-10	Boycott Nulon products. Why are they not considering the impact it will have on local residence.
	Sydney, Australia	2018-02-10	This is a Residental area with mainly young children and families. The toxin's and fire risk is a concern.
	Australia	2018-02-10	It is hazardous to the health and wellbeing of the beautiful families in its surrounds.
	Australia	2018-02-11	It's being built in the wrong placeResidents weren't included in consultations
	West Hoxton, Australia	2018-02-11	I don't believe that this is a suitable site for such a build, right near residential homes, water catchment, and land not zoned for such a industrial complex.
	Australia	2018-02-11	Thank you for starting this petition on Change.org.
	Edmondson Park, Australia	2018-02-11	Think about the kids. They are our future!
	Bringelly, Australia	2018-02-11	##
	Lugarno, Australia	2018-02-11	The traffic already is a disgrace during the peak,so why would you throw in a heap of trucks to take out 3 car lengths.
	West Hoxton, Australia	2018-02-11	This is NOT a suitable area to be building this factory by all means. It needs to be stopped!
	TUMBI UMBI, New South Wales, Australia	2018-02-11	Stupid idea near a residential area
	Croatia	2018-02-11	I doubt that the residents were included in the approval of this proposed built ��
	Sydney, Australia	2018-02-11	Land & council would have had a clue as to what was going in to that site, even if it had government approval, stick up the council also, are they playing dumb to the fact that they knew what was going there, money talks these days not health because without all the bad health conditions this will cause, a lack of ppl heading to the local GP, Medicare, needed & then prescriptions yay Government had some more dollars in the pocket, what goes around comes around these days, they don't care, this country only depends on our hard earned taxes & look what it gives back to the ppl a tick # of approval, discuting
	Australia	2018-02-11	Sydney's population/built up areas is spreading further and further. There is already a significant number of residents

Location	Date	Comment
		and accompanying services in relatively close proximity to the proposed Nulon Oil plant. Due to the toxic nature of the products, permission should not be given. Nulon needs to find a location which poses no risks to nearby residents. Heed should also be paid to the traffic to and from the plant. There is also the question of parklands being there for residents to use for recreation, which becomes even more important with the increasing urban sprawl.
Australia	2018-02-11	This should not be in a residential area, particularly one of significant growth in families.
Bexley, Australia	2018-02-12	This is clearly an illogical and dangerous location to have a toxic, highly hazardous industrial complex, being so close to residential and commercial zoning. It is well known that petrochemical industries cause cancer clusters in nearby residential areas due to inhalation of toxic gases. Industries like this need to be encouraged to set up in regional centres, not in capital cities so as to encourage decentralisation, and also so that they can easily be set up away from residential land, and away from future urban sprawl. It bears investigating as to what sort of political donations Nulon have made to the NSW Liberal Party
Horningsea Park, Australia	2018-02-12	I live close buy and I would like it not to be so close to homes
Australia	2018-02-12	It comes with high risk of health issues to our community. It's too close to our homes and schools.
Australia	2018-02-12	This is not an appropriate location for such work, with the implications it will have on the environment and local reaident's health
Australia	2018-02-12	Factories don't belong in built up residential areas. Pollution and risk of a major fire is of a concern to me and my family.
Harrington Park, Australia	2018-02-12	Not to be built
Yennora, Australia	2018-02-12	Terese Gerges
Sydney, NSW, Australia	2018-02-13	I live close by.

Bonnyrigg Heights, Australia	2018-02-13	The risk to the local environment not worth building it
Australia	2018-02-13	I live in the area and believe this would be a disaster for our community. Toxic chemicals in the air near local schools and family homes.please council please do what's right for your community and deny this business to go ahead . Save the future of our community
Sydney, Australia	2018-02-13	This land was compulsorily acquire for the Western Sydney Parklands for conservation and now this. This is so wrong
West Hoxton, Australia	2018-02-13	To close to home and child care. We need more Park land and nature reserve
Australia	2018-02-13	Of the toxic chemicals that are bound to leach out of this place. I don't think it should be allowed in a suburb full of families. It should be far from communities. In a heavy industrial estate.
Australia	2018-02-13	Too risky!! Nasty toxic chemicals and accidents always happen , whether covered up or not.
Australia	2018-02-13	No oil plant go to eastern creek were it's complete industrial not a mix of residential.
Australia	2018-02-13	Please think of the residents around , it's not at all safe for kids as well. I am sure Government is more concerned for our future generations well being.
Australia	2018-02-13	Why is it they put an factory which ises acids and such so close to residential homes.
Casula, Australia	2018-02-14	No way not near my family very very unsafe.
sdyney, Australia	2018-02-14	Go to eastern creek
Australia	2018-02-14	It's becoming a built up area
Earlwood, Australia	2018-02-14	I don't want my city polluted!!!
Hoxton Park, Australia	2018-02-14	This will affect the health of all local residents
Croydon, Australia	2018-02-14	This is not the type of business that should be allowed near a residential area as it is a health hazard and a danger to the community

Name	Location	Date	Comment
	Sydney, Australia	2018-02-14	Very unhealthy. Too much traffic. Not safe.
	Sydney, Australia	2018-02-14	This type of industry shouldn't be so close to so many homes
	West Hoxton, Australia	2018-02-14	Very unhealthy. Not safe. Too much traffic.
	Australia	2018-02-14	I'm signing because I oppose to having an oil manufacturing plant at Bringelly Road business Hub located in Southern Sydney Parklands.
	Blacktown, Australia	2018-02-15	I'm signing because I live across the road from where this is proposed to be built and I do not want to live in fear everyday of an accident or human error occurring that could put my family and neighborhood in danger.
	Melbourne, Australia	2018-02-15	It's unhealthy forPeople and the environment
	Australia	2018-02-15	This is not environmentally friendly and a hazard to all life forms, human and animal
	Australia	2018-02-15	Outrageous
	Australia	2018-02-15	Don't need oil fumes in the schools and day care when children go study Don't poison them.
	Australia	2018-02-16	My children have to grow up in this area!!!
	Australia	2018-02-17	Hmmmm. And where is the gum it putting all the new housing???!
	Australia	2018-02-17	This is rediculous and unsafe way to close to home
	Australia	2018-02-17	Because its way too close to the houses, eyesore, & pollution for the area
	Carnes hill, Australia	2018-02-17	Should build in an industry area not residential.
	Sydney, Australia	2018-02-17	I don't want this in my back yard
	Alvert, Australia	2018-02-17	This is not suitable or safe for a densely populated residential area.
	Australia	2018-02-17	It is totally unsuitable for this area. Its residential and a fire hazard
	Bicton, Australia	2018-02-17	Renee Frusciante
	Australia	2018-02-17	Keep it GREEN and CLEAN!!

G	Middleton Grange, Lustralia	2018-02-17	Bad idea. Try elsewhere.Area needs to stay green n clean.
	ydney, ustralia	2018-02-17	Build it in an industrial area where suitable, way out away from residential areas, it will also be a huge fire hazard. Also no doubt we will get smells from it, not fair for people who have already established their homes in this area. Liverpool Council have been opposing our promised shops in Middleton Grange for years now but yet can say yes to this, makes my blood boil. Must be money in it for them �
A	ustralia	2018-02-17	This area is residential and parklands. This type of business should be in an industrial area. This type of industry doesn't belong so close to homes and schools. It will be detrimental to the current lifestyle and perceived safety of surrounding residents, schools and small businesses. The current valuation of nearby residential properties will be at risk of deflation. There are many more reasons why this has to be stopped. Selling off allocated parklands should be illegal, they were allocated for a reason, for many reasons. I believe there is a better location for this type of manufacturing and it is not on the doorstep of Western Sydney Parklands and our suburb!
	lydalmere, Justralia	2018-02-18	Suzanna Adams
A	ustralia	2018-02-18	The current site at moorebank had production issues recently that caused respiratory problems to people who worked in the area , and that was in an industrial zone.  Imagine if this was to occur at the proposed site which is in a domestic zone Imagine the medical issues that will occur to children and the elderly not to mention the schools and child care centres in the area
S	ydney, Bosnia	2018-02-18	A beautiful growing community and to ruin it with such a refinery.ABSOLUTELY NOOOO!!!!
	arnes hill, ustralia	2018-02-18	Keeping it green and clean!
А	ustralia	2018-02-18	This is against the intend
A	ustralia	2018-02-18	This is against the intended use of the land and against the residents that have built their homes and are raising their families. We do NOT want this in our backyard!
А	ustralia	2018-02-18	Josephine masi
	ydney, ustralia	2018-02-18	Focus on electric and solar,
А	ustralia	2018-02-18	Baba Peter

Australia	2018-02-18	Because I am a cancer sufferer, and me and my family shouldn't have to suffer anymore just so companies can make money
Australia	2018-02-18	I live close to this area and don't need these in our residential areasJust think about how much hassle it will cause in time
NSW, Australia	2018-02-19	No need to ruin the community.
Redwood City, California, US	2018-02-19	Stop Nuloile
Australia	2018-02-19	Find some other place to place it where it's more factories and industries these suburbs r full of family n kids are you trying to destroy us
Australia	2018-02-19	Industrial location like Eastern Creek there is so much land in Ozzy why do these activities on our door step.
Australia	2018-02-20	I am strongly against this proposal. There are so many schools, day-care centers, families/homes in close proximity to this proposed development, they are putting people at risk. There are so many other places where this development should be built and would be fit for purpose (such as; Liverpool/Hoxton Park Industrial area, Wetherill Park industrial area, Eastern Creek Industrial area, or even the soon to be built area around Badgerys Creek airport, this is just to name a few). So many places where this could be built away from families, while still providing all the resources the developer needs. Win-Win for everyone involved.
Australia	2018-02-20	No! We don't want this. Strongly opposed this!
Australia	2018-02-20	I live in Hoxton Park and don't agree on this happening either. I'm also a traditional owner of this land and would love to know if it has been approved by our aboriginal land council as artifacts were found on this land
2150, Australia	2018-02-21	I am Darug, Aboriginal history and artefacts Are Significant. Ain't it amazing our lands are destroyed, stolen from my Ancestors and the English took everything. Even in the present era it is still happening. Disrespectful SHAMEFUL. How much voice did our people (Darug) have in this matter of cultural significance???
coober pedy, Australia	2018-02-21	Cause we need the land for something way better
Australia	2018-02-21	Our government is a joke release land for families to buy but allowing a compant like this to be built in areas which are surrounded by familes.

Austr	alia	2018-02-22	Idiot Pollies that have no consideration for humans and health. Money should never be a measure of what's right and wrong!
Hinch	ninbrook, alia	2018-02-22	We live close by and our children are at childcare in Horningsea Park. We know this company have accidentally released hazardous emissions to the environmemt in the past. As a scientist i understand that accidents can happen even in the most controlled environmemts. Therefore council needs to be responsible for the health of their communities by placing commerical companies and businesses of this sort in an area which has a very clear radius clearance from residential property and developing communities as to not pose a risk to their community members. This is a growing population with new developments ie. Austral, Willowdale, Carnes Hill, Edmondson Park. Therefore it should be relocated. There are areas which have been zoned for this purpose.ie. Minto and Ingleburn. Can they be relocated there? What is the need for setting up an oil refinery business in the middle of developing suburbs with young families? Has the impact to the community been considered? Not jist the companys explanation for risk control but
Austr	alia	2018-02-22	Is a hazardous environment for the community
Cabra Austr	amatta, alia	2018-02-22	I'm a mother of three young children soon to be living in Edmondson Park. I bought my home in this area as it was distanced from all industrial areas!! Please relocate
Austr	alia	2018-02-22	I want a safe and healthy environment for my kids
Sydne Austr		2018-02-22	This type of potentially hazardous environment does not belong in a residential area. It needs to be located in an industrial area away from the growing community. Keep the area green and clean!
Greer Austr	nacre, alia	2018-02-22	I support Izzy's veiw
Austr	alia	2018-02-22	I do not want to live near a place that will be toxic to my family and community.
Denh Austr	am Court, alia	2018-02-22	Take it elsewhere, there is plenty of vacant land around. Keep it away from residential areas.
Austr	alia	2018-02-22	This is wrong!!!!
Sydne Austr		2018-02-23	We are sick of being treated like fools
Austr	alia	2018-02-23	I don't want this in a residential area!
