Letter: Greetings,

Stop the Bringelly Road Business Hub Nulon Motor Oils facility

Comments

Name	Location	Date	Comment
Vizzy Maselli	West Hoxton, Australia	2018-02-09	This type of industry doesn't belong in the areas noted as the most family friendly suburbs, polluting our air, noise, water, surrounds ect. THIS MUST BE STOPPED!!!!
Samantha Vandenberg	Australia	2018-02-09	This proposal is not light industrial, it heavy industrial. Allowing a oil preparation plant next to a gas main and water way is an environmental disaster waiting to happen. Please look at this area as a whole. There is high density housing, parklands, water way and gas main. Not the perfect location for such hazardous chemicals plant. Business see the main junction transport line as perfect spots without seeing what else is already survive in the surrounding areas. Hazardous materials need to be contained within heavy industrial zones not residential and park/wetlands. Please consider the local residents.
Michelle Simic	Australia	2018-02-09	This development is too close to residences and local schools
venkata kondapaturi	Sydney, Australia	2018-02-09	This development is too close to residences and local schools. I object to it for future kids.
Nikhila K	Edmondson park, Australia	2018-02-09	This is not an industrial area to start such a plant and this plant will cause more pollution to the nearby suburbs.
Amanda Cassidy	Sydney, Australia	2018-02-09	This is too close to homes and schools and has no place in an urban area. Therr are plenty of industrial areas this business could base themselves
Vicki Whittard	Australia	2018-02-09	This land was released for light industrial use only. I believe that having an oil manufacturing plant and the storage of aerosol cans is a major threat to the community/environment. The land is prone to bush fires and to build such a large factory with extremely hazardous liquids in a residential area could be catastrophic should something go wrong. The company had an incident where 48 people suffered from nausea, vomiting, headache, migraines, sore throats and rashes. This was due to human error and I don't want my family to live in fear daily that a major incident may occur. There are other areas that are zoned for heavy industry and our homes is definitely not the place.
Dianne Stevens	Aylmerton, Australia	2018-02-09	I don't agree with it
Joe Maselli	Australia	2018-02-09	Too close to residential and I don't believe it's a Light Industry facility
Ashur Lazar	Sydney, Australia	2018-02-09	What a terrible development for the area, it's surrounded by homes and bushland. It needs to be moved somewhere else.

Name	Location	Date	Comment
Kirsty Baldock	Australia	2018-02-09	This is so close to homes, playgrounds and schools to name a few. This shouldn't be considered for a developed community but rather placed where it will have a minimal toll to its surroundings. This area and multiple surrounding estates are somewhat over populated. Imagine how catastrophic this would be to so many lives, and the environment. This site should be for small businesses with NO environmental risk.
Mark Pace	Australia	2018-02-09	Houses there before building. Dangerous chemicals. No. If was there before houses different story (like whingers near Sydney airport)I don't live in area anymore but still say NO
Daniela Vicano	Russell Lea, Australia	2018-02-09	Shear madness bringing this toxic factory so close to homes
Matthew Pace	Australia	2018-02-09	I am a resident of Horningsea Park and don't want this in my back industrial development in my back yard. The place will House dangerous goodsWhen I bought in Horningsea Park 16 years ago there was no mention of this type of development The land should be used for the benefit of the community as young families and new estates surround the proposed development. I strongly recommend that the application be declined and the land used for the betterment of the community.
Linda Hooper	Australia	2018-02-09	This will adversely affect the health and safety of my family and those of our community.Not in our neighborhood.
Lynne Howarth	Australia	2018-02-09	This sort of manufacturing should be away from housing,childcare, schools and the general public. We should be able to live in our homes without the treat of chemicals and the smell it will cause
Sherie Faulkner	Richmond, Australia	2018-02-09	Should be out in the country not near a growing population
Jaspreet Kaur	Australia	2018-02-09	It's definitely dangerous and hazardous yo have oil plant so close to residential and schools area. We dont want this but want parks.
Kate Marinkovic	Castle Hill, Australia	2018-02-09	For such a large scale, selfish company and their horrible impact they are making on the residential environment. Not to mention the land is designated for parklands and community buildings.
Maria Lucic	Australia	2018-02-09	I'm signing because this kind of manufacturing should never be allowed so close to homes
Tatjana Kalapac	Sefton, Australia	2018-02-09	I am against it due to the polution and health hazard ##
Kerry Duggan	Australia	2018-02-09	You can't safely have or store these pollutants and fire hazards in an area like this. Way too dangerous.
Kris Webster	Casula, Australia	2018-02-09	It's a ridiculous proposal that has no place in a residential area.

Name	Location	Date	Comment
Tanya Cambridge	Australia	2018-02-09	I don't want this 2 mins from my house, it will devalue our Jones and ruin our area.
Saroj Kumar	Sydney, Australia	2018-02-09	It would impact the health of the local and environment
Maja Vlatko	Dubrovnik, Croatia	2018-02-09	I am signing petition because oil company eill destroy life of people around area
Amanda Warda	Abbotsbury, Australia	2018-02-09	Bringjelly business hub is not an industrial area. Keep the oil manufacturing and pollution away from residential homes
Eduard Pevec	Sydney, Australia	2018-02-09	Pero is my Mate . I do not want the stink around my house.
Anna Salem	Australia	2018-02-09	Of the health and well being of my children and the impact to our enviroment
Kate Strickland	Australia	2018-02-09	This is an area with many young families. It will be very close to local schools, homes and cafes. This will impact on everyone in the surrounding area.
Susan Odenthal	Australia	2018-02-09	I'm signing because I am concerned for the residents and people working in the community in regards to the long term health issues that may arise from having chemical pollutants dispersed into the environment.
Peter Yi	Cecil hills, Australia	2018-02-09	Why do they always do this in western Sydney? This will definitely have an impact on the environment. Build this plant somewhere in the north shore see how that works out for them. Cheers,
Rosanna Allotey	Australia	2018-02-09	We don't want a huge oil refinery accident waiting to happen it's too dangerous and too close to residential areas
Anita Jerak	Oran park, Australia	2018-02-09	Definatley should not be built in such a residential area as the effects are too great to the community !
Juli Chand	West Hoxton, Australia	2018-02-09	We do not need oil manufacturing & pollution in our area. We have a lot of families in the surrounding residential areas. It will have a huge impact on the families, community & environment!
Simone Toner	Australia	2018-02-09	This is not the right location for such a business.
Jay Carpenter	Middleton Grange, Australia	2018-02-09	Nobody should be able to decide that the known potential effects of this plant are acceptable around my family. Nobody or business has the right to put my family in harm's way.
Pabitra Pokharel Neupane	Australia	2018-02-09	I am signing this because i live in this area and i am worried about our children's future with the potential risk of the oil factory.

Name	Location	Date	Comment
Bernadette Barnes	Sydney, New South Wales, Australia	2018-02-09	It's not at all appropriate for the area, near to the parklands! We have nowhere left for kids that isn't on a main road etc
Sandip Bagale	Australia	2018-02-10	I m local and Don't want this kind of hazardous things close to my residential areas which can impact directly to my kids and family in the future. So please let rethink about this !
Connie Ida	Sydney, Australia	2018-02-10	I'm signing because of environmental factors and it's too close to houses. There is going to be noise and air pollution. It will affect the air quality. It's just way too close to houses.
Susanna Ida	Sydney, Australia	2018-02-10	Environmental factors, noise/air pollution, way too close to houses.
Preetika Bhatia	Baulkham Hills, Australia	2018-02-10	I am a local and I feel this isn't the right location for setting up such factories especially when it's so close to schools, houses, parks etc.
MIchelle Stephenson	Greystanes, Australia	2018-02-10	Just NO! People live here.
Vaishali Hingmire	Wentworthville, Australia	2018-02-10	I feel this is noy suitable with schools and families around
Janelle Smith	Drummoyne, Australia	2018-02-10	Not suitable around housing estates schools day cares Take it to a business area with other industrial factories Not close to houses
Graham Matthews	Australia	2018-02-10	This is a cynical use of Western Sydney Parklands land.
Shalik Kharel	Australia	2018-02-10	its our residential area. keep environment for upcoming generation
Saraswoti Bhattarai	Surry Hills, Australia	2018-02-10	Sydney's half of the population will be living in west and south soon.Stop anything that will harm this land.
Leisly White	Australia	2018-02-10	To stop the storage of oil in my neighbourhood.
Sarah King	Australia	2018-02-10	I think it just wrong like every one else, thats what is killing this country, all these gases fumes and now this!! Stop recking Australia we have enough to deal with as is...
Satbir Singh	Sydney, Australia	2018-02-10	I dont want this in my area
Carol Gonella	Mortdale, Australia	2018-02-10	Surely this type of industry should not be in the centre of residential communities. Residents deserve to know about this type of development before they buy.
Lisa Tassopoulos	Australia	2018-02-10	Stupid! So close to residential areas 💎
Danny ivanoff	Australia	2018-02-10	This factory should not be built in residential area.

Name	Location	Date	Comment
Doreen Rakoroi	Sydney, Australia	2018-02-10	This is wrong why does it need to be in a residential area it should be where it can cause no damage and my Son and his family live there
Damien Sisouphane	Croydon, Australia	2018-02-10	Boycott Nulon products. Why are they not considering the impact it will have on local residence.
Patrizia Delellis	Sydney, Australia	2018-02-10	This is a Residential area with mainly young children and families. The toxin's and fire risk is a concern.
Janet Whittard	Australia	2018-02-10	It is hazardous to the health and wellbeing of the beautiful families in its surrounds.
DAVID MACLEAN	Australia	2018-02-11	It's being built in the wrong placeResidents weren't included in consultations
Robert Z	West Hoxton, Australia	2018-02-11	I don't believe that this is a suitable site for such a build, right near residential homes, water catchment, and land not zoned for such a industrial complex.
Arlene Pinho	Australia	2018-02-11	Thank you for starting this petition on Change.org.
Sam Lee	Edmondson Park, Australia	2018-02-11	Think about the kids. They are our future!
Maria Ciappa	Bringelly, Australia	2018-02-11	##
Rod Benning	Lugarno, Australia	2018-02-11	The traffic already is a disgrace during the peak,so why would you throw in a heap of trucks to take out 3 car lengths.
Vanessa Atanasoski	West Hoxton, Australia	2018-02-11	This is NOT a suitable area to be building this factory by all means. It needs to be stopped !
Rhonda Maclean	TUMBI UMBI, New South Wales, Australia	2018-02-11	Stupid idea near a residential area
Bojana Kuzmanovic	Croatia	2018-02-11	I doubt that the residents were included in the approval of this proposed built 💎💎
Julia Carbone	Sydney, Australia	2018-02-11	Land & council would have had a clue as to what was going in to that site, even if it had government approval, stick up the council also, are they playing dumb to the fact that they knew what was going there, money talks these days not health because without all the bad health conditions this will cause, a lack of ppl heading to the local GP, Medicare, needed & then prescriptions yay Government had some more dollars in the pocket, what goes around comes around these days, they don't care, this country only depends on our hard earned taxes & look what it gives back to the ppl a tick # of approval, discuting
Judy Schneider	Australia	2018-02-11	Sydney's population/built up areas is spreading further and further. There is already a significant number of residents

Name	Location	Date	Comment
			and accompanying services in relatively close proximity to the proposed Nulon Oil plant. Due to the toxic nature of the products, permission should not be given. Nulon needs to find a location which poses no risks to nearby residents. Heed should also be paid to the traffic to and from the plant. There is also the question of parklands being there for residents to use for recreation, which becomes even more important with the increasing urban sprawl.
Kristina Main	Australia	2018-02-11	This should not be in a residential area, particularly one of significant growth in families.
Ben Draisma	Bexley, Australia	2018-02-12	This is clearly an illogical and dangerous location to have a toxic, highly hazardous industrial complex, being so close to residential and commercial zoning. It is well known that petrochemical industries cause cancer clusters in nearby residential areas due to inhalation of toxic gases. Industries like this need to be encouraged to set up in regional centres, not in capital cities so as to encourage decentralisation, and also so that they can easily be set up away from residential land, and away from future urban sprawl. It bears investigating as to what sort of political donations Nulon have made to the NSW Liberal Party...
Jodie Brassil	Horningsea Park, Australia	2018-02-12	I live close buy and I would like it not to be so close to homes
sanja pozder	Australia	2018-02-12	It comes with high risk of health issues to our community. It's too close to our homes and schools.
Jody Musso	Australia	2018-02-12	This is not an appropriate location for such work, with the implications it will have on the environment and local resident's health
Dusan Misic	Australia	2018-02-12	Factories don't belong in built up residential areas. Pollution and risk of a major fire is of a concern to me and my family.
Con Diomis	Harrington Park, Australia	2018-02-12	Not to be built
Terese Gerges	Yennora, Australia	2018-02-12	Terese Gerges
Md Khalilullah Shawn	Sydney, NSW, Australia	2018-02-13	I live close by.
Mohammad Al-amin	Australia	2018-02-13	I live in the area.
Sherone Cassar	Australia	2018-02-13	we do not want an oil manufacturing plant in a residential community
Dalica Taing	Australia	2018-02-13	I do not like pollution in areas i live
Mary Howard	Australia	2018-02-13	mary howard

Name	Location	Date	Comment
Joanne Coggin	Ashcroft, Australia	2018-02-13	Don't need it around there
branden qamar	Bonnyrigg Heights, Australia	2018-02-13	The risk to the local environment not worth building it
Helena Xabregas	Australia	2018-02-13	I live in the area and believe this would be a disaster for our community. Toxic chemicals in the air near local schools and family homes.please council please do what's right for your community and deny this business to go ahead . Save the future of our community
Frances Vumbaca	Sydney, Australia	2018-02-13	This land was compulsorily acquire for the Western Sydney Parklands for conservation and now this. This is so wrong
Luis Xabregas	West Hoxton, Australia	2018-02-13	To close to home and child care. We need more Park land and nature reserve
Anne Carabott	Australia	2018-02-13	Of the toxic chemicals that are bound to leach out of this place. I don't think it should be allowed in a suburb full of families. It should be far from communities. In a heavy industrial estate.
daniel walker	Australia	2018-02-13	Too risky!! Nasty toxic chemicals and accidents always happen , whether covered up or not.
Nik Lovrencic	Australia	2018-02-13	No oil plant.. go to eastern creek were it's complete industrial not a mix of residential.
Gagan Sehta	Australia	2018-02-13	Please think of the residents around , it's not at all safe for kids as well. I am sure Government is more concerned for our future generations well being.
Julie Mckinnon	Australia	2018-02-13	Why is it they put an factory which ises acids and such so close to residential homes.
veronica konstadakopoulos	Casula, Australia	2018-02-14	No way not near my family.. very very unsafe.
alex k	sdynay, Australia	2018-02-14	Go to eastern creek..
Angela pezzano	Australia	2018-02-14	It's becoming a built up area
Michael B	Earlwood, Australia	2018-02-14	I don't want my city polluted!!!
Lisa Smith	Hoxton Park, Australia	2018-02-14	This will affect the health of all local residents
maria pellegrino	Croydon, Australia	2018-02-14	This is not the type of business that should be allowed near a residential area as it is a health hazard and a danger to the community

Name	Location	Date	Comment
Sandra Wlodarski	Sydney, Australia	2018-02-14	Very unhealthy. Too much traffic. Not safe.
Katie Mayfield	Sydney, Australia	2018-02-14	This type of industry shouldn't be so close to so many homes
Vicki Humphreys	West Hoxton, Australia	2018-02-14	Very unhealthy. Not safe. Too much traffic.
Connie Delgado	Australia	2018-02-14	I'm signing because I oppose to having an oil manufacturing plant at Bringelly Road business Hub located in Southern Sydney Parklands.
Joanne Coraci	Blacktown, Australia	2018-02-15	I'm signing because I live across the road from where this is proposed to be built and I do not want to live in fear everyday of an accident or human error occurring that could put my family and neighborhood in danger.
Uni Ladan	Melbourne, Australia	2018-02-15	It's unhealthy for People and the environment
Kamlesh Kumar	Australia	2018-02-15	This is not environmentally friendly and a hazard to all life forms, human and animal
Garry Wilson	Australia	2018-02-15	Outrageous
Varun Gupta	Australia	2018-02-15	Don't need oil fumes in the schools and day care when children go study... Don't poison them.
Tabetha Couri	Australia	2018-02-16	My children have to grow up in this area!!!
Sandra Jensen	Australia	2018-02-17	Hmmmm. And where is the gum it putting all the new housing???
Mohammed El-asmar	Australia	2018-02-17	This is ridiculous and unsafe way to close to home
Belinda Orsini	Australia	2018-02-17	Because its way too close to the houses, eyesore, & pollution for the area...
nattanicha assawasongkram	Carnes hill, Australia	2018-02-17	Should build in an industry area not residential.
Kathryn Brown	Sydney, Australia	2018-02-17	I don't want this in my back yard
t a	Alvert, Australia	2018-02-17	This is not suitable or safe for a densely populated residential area.
Robyn Kane	Australia	2018-02-17	It is totally unsuitable for this area. Its residential and a fire hazard
Renee Frusciante	Bicton, Australia	2018-02-17	Renee Frusciante
Katrina te Koari	Australia	2018-02-17	Keep it GREEN and CLEAN!!

Name	Location	Date	Comment
Rick Hanna	Middleton Grange, Australia	2018-02-17	Bad idea. Try elsewhere.Area needs to stay green n clean.
Debbie Freeman	Sydney, Australia	2018-02-17	Build it in an industrial area where suitable, way out away from residential areas, it will also be a huge fire hazard. Also no doubt we will get smells from it, not fair for people who have already established their homes in this area. Liverpool Council have been opposing our promised shops in Middleton Grange for years now but yet can say yes to this, makes my blood boil. Must be money in it for them 💎
chad baker	Australia	2018-02-17	This area is residential and parklands. This type of business should be in an industrial area. This type of industry doesn't belong so close to homes and schools. It will be detrimental to the current lifestyle and perceived safety of surrounding residents, schools and small businesses. The current valuation of nearby residential properties will be at risk of deflation. There are many more reasons why this has to be stopped. Selling off allocated parklands should be illegal, they were allocated for a reason, for many reasons. I believe there is a better location for this type of manufacturing and it is not on the doorstep of Western Sydney Parklands and our suburb!
Suzanna Adams	Rydalmere, Australia	2018-02-18	Suzanna Adams
Michael Woodford	Australia	2018-02-18	The current site at moorebank had production issues recently that caused respiratory problems to people who worked in the area , and that was in an industrial zone. Imagine if this was to occur at the proposed site which is in a domestic zone Imagine the medical issues that will occur to children and the elderly not to mention the schools and child care centres in the area
Emina Ramic	Sydney, Bosnia	2018-02-18	A beautiful growing community and to ruin it with such a refinery.ABSOLUTELY NOOOO!!!!
Shabana Hussein	Carnes hill, Australia	2018-02-18	Keeping it green and clean!
Doris Montesin	Australia	2018-02-18	This is against the intend
Doris Montesin	Australia	2018-02-18	This is against the intended use of the land and against the residents that have built their homes and are raising their families. We do NOT want this in our backyard!
Josephine masi	Australia	2018-02-18	Josephine masi
Donco Jakovski	Sydney, Australia	2018-02-18	Focus on electric and solar,
Boon Hung	Australia	2018-02-18	Baba Peter

Name	Location	Date	Comment
Nadia Sama	Australia	2018-02-18	Because I am a cancer sufferer, and me and my family shouldn't have to suffer anymore just so companies can make money
Irene Kumar	Australia	2018-02-18	I live close to this area and don't need these in our residential areas just think about how much hassle it will cause in time
Merima Omanovic	NSW, Australia	2018-02-19	No need to ruin the community.
Joan Bonello	Redwood City, California, US	2018-02-19	Stop Nuloile
Hebaa Tellaoui	Australia	2018-02-19	Find some other place to place it where it's more factories and industries these suburbs r full of family n kids are you trying to destroy us
Laurent Scheepers	Australia	2018-02-19	Industrial location like Eastern Creek there is so much land in Ozzy why do these activities on our door step.
Michael Petrinovic	Australia	2018-02-20	I am strongly against this proposal. There are so many schools, day-care centers, families/homes in close proximity to this proposed development, they are putting people at risk. There are so many other places where this development should be built and would be fit for purpose (such as; Liverpool/Hoxton Park Industrial area, Wetherill Park industrial area, Eastern Creek Industrial area, or even the soon to be built area around Badgerys Creek airport, this is just to name a few). So many places where this could be built away from families, while still providing all the resources the developer needs. Win-Win for everyone involved.
Samantha Selkirk	Australia	2018-02-20	No! We don't want this. Strongly opposed this!
rebecca spiteri	Australia	2018-02-20	I live in Hoxton Park and don't agree on this happening either. I'm also a traditional owner of this land and would love to know if it has been approved by our aboriginal land council as artifacts were found on this land
Marlene Corbett	2150, Australia	2018-02-21	I am Darug, Aboriginal history and artefacts Are Significant. Ain't it amazing our lands are destroyed, stolen from my Ancestors and the English took everything. Even in the present era it is still happening. Disrespectful SHAMEFUL. How much voice did our people (Darug) have in this matter of cultural significance???
melissa corbett	coober pedy, Australia	2018-02-21	Cause we need the land for something way better
jackie soares	Australia	2018-02-21	Our government is a joke release land for families to buy but allowing a compant like this to be built in areas which are surrounded by families.

Name	Location	Date	Comment
Izzy Pinto	Australia	2018-02-22	Idiot Pollies that have no consideration for humans and health. Money should never be a measure of what's right and wrong!
celeste Giordano	Hinchinbrook, Australia	2018-02-22	We live close by and our children are at childcare in Horningsea Park. We know this company have accidentally released hazardous emissions to the environment in the past. As a scientist i understand that accidents can happen even in the most controlled environments. Therefore council needs to be responsible for the health of their communities by placing commercial companies and businesses of this sort in an area which has a very clear radius clearance from residential property and developing communities as to not pose a risk to their community members. This is a growing population with new developments ie. Austral, Willowdale, Carnes Hill, Edmondson Park. Therefore it should be relocated. There are areas which have been zoned for this purpose ie. Minto and Ingleburn. Can they be relocated there? What is the need for setting up an oil refinery business in the middle of developing suburbs with young families? Has the impact to the community been considered? Not just the company's explanation for risk control but
Trish GALLARDO	Australia	2018-02-22	Is a hazardous environment for the community
Jasmina Milosevski	Cabramatta, Australia	2018-02-22	I'm a mother of three young children soon to be living in Edmondson Park. I bought my home in this area as it was distanced from all industrial areas!! Please relocate
Katie Grech	Australia	2018-02-22	I want a safe and healthy environment for my kids
Tanya Listar	Sydney, Australia	2018-02-22	This type of potentially hazardous environment does not belong in a residential area. It needs to be located in an industrial area away from the growing community. Keep the area green and clean!
Victoria Ghanem	Greenacre, Australia	2018-02-22	I support Izzy's view
Nikolina Kovacevic	Australia	2018-02-22	I do not want to live near a place that will be toxic to my family and community.
Marijan Kovacevic	Denham Court, Australia	2018-02-22	Take it elsewhere, there is plenty of vacant land around. Keep it away from residential areas.
Vasa Grbasliev	Australia	2018-02-22	This is wrong!!!!
susan aguirre	Sydney, Australia	2018-02-23	We are sick of being treated like fools
Marcia Scheepers	Australia	2018-02-23	I don't want this in a residential area!
Jessica Jacobs	Australia	2018-02-24	Do not want this in or close to residential areas

Name	Location	Date	Comment
Nina West	Australia	2018-02-24	We need to protect our environment
Farisha Begum	Australia	2018-02-26	Not here they should open in eastern creek. Think about future kids n more traffic with huge trucks no way go away
Chris whittaker	Australia	2018-02-27	I believe there has been collusion between a government department and the lessee of the site.
David Piper	Australia	2018-02-28	I live on Stuart road at the back of the business hub. I am concerned for my son as he suffers from asthma. I don't like the idea of oil manufacturing so close to residential homes.
