Dear Sirs,

Rivers SOS OBJECTS to AGL Gas's Project - "Newcastle Gas Storage Facility at Tomago", to freeze the gas over summer and thaw out over winter. The pipeline will then be bored under the Hunter River and the Ramsar Wetlands, onroute to their delivery centre at Hexham.

We claim Submitters Rights, which will allow Rivers SOS Committee to add further objections.

We will then forward the Rivers SOS Submission to the NSW Planning Department on completion.

Thank you
Amanda Albury
