Subject: ICAG Inc. Objection to AGL Gas and the Gas Storage Facility at Tomago and Hexham pipeline

Dear Planning Department,
Please accept this first step of a formal objection to AGL Gas Newcastle Gas Storage Facility at Tomago and its pipeline to Hexham.

Rising Tide is currently hearing from many community members who are very concerned with the expansion of coal seam gas developments across NSW and the implications of this facility and other gas infrastructure. We are still taking on their concerns in order to guide our submission to this process. Therefore, please accept this claim for Submitters Rights to allow us to be able to add further information to our formal objection upon completion.

Thank you very much,
Naomi Hogan,
On behalf of Rising Tide Newcastle
