Dendrobium Mine: Plan for the Future - Coal for Steelmaking Project (SSD-8194)

Attentio	n: Director – Coal and Quarry Assessments	
Departi	ment of Planning, Industry and Environment	
SPO B		
sydney	NSW 2001	
uppor	ts the proposed Dendrobium Mine: Coal for Steelmaking project ((SSD8194).
Reasoi	ns for my support are as follows:	
Socio-l	Economic Benefits	* * * * * * * *
	Continued mining would sustain the employment of Dendrobium's a further 100 jobs for the life of the Project and an additional 200 j	obs in construction.
	The Project will generate around \$714 million in royalties, taxes a contributing to local and state infrastructure and services.	nd rates,
	e Project will result in a total net benefit to the NSW economy of over \$2.8 billion al, undiscounted terms), including over \$1.1 billion (real, undiscounted terms) to Greater Wollongong Region.	
	The Project would allow South32 to continue to support local support contractors, providing additional security and longevity of employr	
Enviro	nmental Measures and Outcomes	
	he Project commits to not longwall mine under water supply reservoirs including ams, or under named watercourses and key stream features.	
	ne Project commits to a minimum of one-kilometre setbacks from the Avon and ordeaux dam walls.	
	The Project commits to pursue opportunities for industrial users to mine water.	reuse our excess
	South32 supports biodiversity research in the water catchment, in and endangered species such as the Giant Dragonfly and the Litt	AND A CONTRACTOR OF COMPANY AND AND ADDRESS OF THE AND ADDRESS OF THE ADDRESS OF
Steelm	aking in the Illawarra	
	The Project would provide an ongoing and essential local supply of to BlueScope Steelworks. South32 currently supplies around 60% Steelworks' metallurgical coal requirements.
