				g project (SSD8194)	
				g project (OODO 194).	
	Cordeaux dam walls. The Project commits to pursue opportunities for industrial users to reuse our excess mine water. South32 supports biodiversity research in the water catchment, including swamps and endangered species such as the Giant Dragonfly and the Littlejohn's Tree Frog. Imaking in the Illawarra The Project would provide an ongoing and essential local supply of metallurgical coal to BlueScope Steelworks. South32 currently supplies around 60% of BlueScope Steelworks' metallurgical coal requirements. Per reasons: Date:				
Socio	/	ıld sustain t	ine: Coal for Steelmaking project (SSD8194). Wes: In the employment of Dendrobium's workforce, create the Project and an additional 200 jobs in construction. If \$714 million in royalties, taxes and rates, frastructure and services. In the benefit to the NSW economy of over \$2.8 billion right over \$1.1 billion (real, undiscounted terms) to the continue to support local suppliers and security and longevity of employment in the region. In the water supply reservoirs including urses and key stream features. In the water setbacks from the Avon and the proportunities for industrial users to reuse our excess as search in the water catchment, including swamps is the Giant Dragonfly and the Littlejohn's Tree Frog. In the water catchment, including swamps is the Giant Dragonfly and the Littlejohn's Tree Frog. In the water catchment, including swamps is the Giant Dragonfly and the Littlejohn's Tree Frog. In the water catchment, including swamps is the Giant Dragonfly and the Littlejohn's Tree Frog. In the water catchment, including swamps is the Giant Dragonfly and the Littlejohn's Tree Frog. In the water catchment, including swamps is the Giant Dragonfly and the Littlejohn's Tree Frog. In the water catchment, including swamps is the Giant Dragonfly and the Littlejohn's Tree Frog.

Other	reasons:	mining would sustain the employment of Dendrobium's workforce, create to jobs for the life of the Project and an additional 200 jobs in construction. It will generate around \$714 million in royalties, taxes and rates, go to local and state infrastructure and services. It will result in a total net benefit to the NSW economy of over \$2.8 billion counted terms), including over \$1.1 billion (real, undiscounted terms) to Wollongong Region. It would allow South32 to continue to support local suppliers and providing additional security and longevity of employment in the region. Passures and Outcomes It commits to not longwall mine under water supply reservoirs including ander named watercourses and key stream features. It commits to a minimum of one-kilometre setbacks from the Avon and lam walls. It commits to pursue opportunities for industrial users to reuse our excess apports biodiversity research in the water catchment, including swamps giered species such as the Giant Dragonfly and the Littlejohn's Tree Frog. Billawarra Would provide an ongoing and essential local supply of metallurgical coal pe Steelworks. South32 currently supplies around 60% of BlueScope metallurgical coal requirements.
