Dear Ms Timbrell,

Silverton Wind Farm (MP08_0022) Proposed Modification

I refer to your email dated 11 October 2013 requesting advice from the Department of Primary Industries (DPI) in respect to the above matter.

Fisheries NSW, Agriculture NSW and NSW office of Water advise no issues.

Comment by Crown Lands

Crown Lands provide the following comments on the modification:

- (i) Section 3.2.2 (Last Paragraph) - Reference to Crown Lands should read 'NSW Trade and Investment - Crown Lands';
- (ii) Section 3.3.1 (2nd Paragraph) - Reference is made to AGL / SWDPL working on locating and gaining approval for the utilisation of sand and rock from the SWF site. While AGL may have undertaken preliminary investigation, the report should reference the fact that no application from or on behalf of AGL / SWDPL for a Crown Lands Licence for these quarries has been received by Crown Lands; and
- (iii) Section 3.3.1 (2nd Paragraph) - Reference is made to submission of a Traffic Management Plan to the CCC and Department of Planning and Infrastructure only. The report should be altered to ensure that this Traffic Management Plan is also submitted to the NSW Trade and Investment - Crown Lands and the NSW Roads and Maritime Services.
