Dear Mr Shoesmith

**Woodlawn Mine Project – (MOD 1)  
Review of Environmental Assessment**

I refer to your email of 9 February 2016 regarding an application from Heron Resources Limited to modify the Woodlawn Mine development consent.

The NSW Department of Industry, Division of Resources & Energy (the Division) has reviewed the *Woodlawn Mine Environmental Assessment Proposed Modification for the Relocation of the Underground Mine Entry*, January 2016.

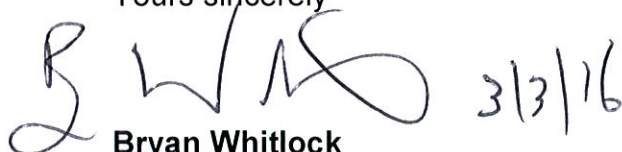

It is noted that the modification involves:

1. Relocation of the approved mine entry box cut site;
2. Relocation of the associated Paste Fill Plant to the same location;
3. Upgrading an existing access road between the new mine entry and processing plant to cater for the transport of ore by off road haul trucks; and
4. Minor site layout adjustments to allow for the relocation of the box cut and mine entry.

The Division has no objections to Woodlawn Mine Project Modification 1.

Should you have any enquires regarding this matter please contact Steve Cozens, Senior Project Officer on (02) 9842 8573.

Yours sincerely

**Bryan Whitlock**  
**A/Manager**
