Dept Planning - Mining and Major Projects

I am writing objecting to the MCC PPR Stage 2 plan and calling for The Drip and Corner Gorges to be transferred into the Goulburn River National Park to ensure the long term protection and appropriate management and legal public access to this regionally significant recreational, educational and cultural river corridor.

I own and operate a busy tourist retreat near Ulan, many of my guests take advantage of the Drip and its environs for recreation. I have grown up in the district and feel strongly that this area be preserved , intact, for the long term future.

Many thanks

Regards

Scott McGregor
