Subject: Moolarben Coal Complex Stage 2, Project No. 08_0135
CC: <savethedrip@mdeg.org.au>

I am writing to STRONGLY OBJECT to the expansion of the Moolarben mine into our beautiful local scenic spot called The Drip and Goulburn River Gorge - PLEASE DON'T LET THESE BELONG TO A CHINESE MINING COMPANY to do with what they like. They are also very special sites for Aboriginal people.

And if you are uninformed enough to let Moolarban extend their filthy mine, at least give these particular places as extensions to the Goulburn River National Park.

Let sanity prevail!!! Don't destroy something that's been there for millions of years for short term greed.
