Dear Sir/Madam,

RE: The Drip and Corner Gorges - Goulburn River

I wish to add my voice in protest to the potential loss of the above mentioned Gorges as a public amenity.

They must be included in the Goulburn River National Park for future generations to have the same enjoyment from this area as I have over the past 20 years.

Surely we have enough coal mines and other coal mining sites available to satisfy future demand - notwithstanding this is an archaic form of energy generation.

Yours Sincerely

David Rossi
