Subject: Protect 'The Drip' on the Goulburn River

Dear DOP,

I am objecting to the MCC PPR Stage 2 plan and calling for The Drip and Corner Gorges to be transferred into the Goulburn River National Park to ensure the long term protection and appropriate management and legal public access to this regionally significant recreational, educational and cultural river corridor. I know The Drip well, and it a cultural site of major significance. It is also a site of major natural heritage. It is bizarre that it has not been transferred to the Goulburn River NP and protected from mining - as the mining company originally promised. The DOP and the NSW Government should protect such a site of major heritage significance.

Yours faithfully,

A handwritten signature in black ink that reads "Haydn Washington". The signature is written in a cursive style with a long, horizontal flourish extending to the right.
