Dear Sir Looking at the Mudgee Guardian I was Shocked to read that you have Sold the Drip and Corner Gorge to Moolarben Coal . I strongly Object to this. I myself visit the Area at least three Times a Year with Friends Relatives and Overseas Relatives they all Love the Place and are Amazed by the Rock Formation. We even swim in the Rock Pools sometimes. We Love having Picnics there it is such a tranquil Place. As far as I am concerned the Place belongs to the Public and the many Tourists as it is Advertised as such in Papers and Tourism Books. What and who gives you the right to sell the Place without Consulting the People. WE HAVE A RIGHT TO KNOW ! It should be Declared a National Park.I hope you put a Stop to it!!!

Yours Sincerely

Elisabeth Horat
