Dear Sir/Madam,

I would like to register my distress that the Drip and surrounding gorges at Ulan in NSW have not been included in the adjoining national park. This beautiful area belongs to all Australians and it is unthinkable that it is in the hands of a company who only wishes to strip the area of it's mineral resources and it may be lost or damaged and access denied to the community.

Please listen to the community's strong feelings on this matter and preserve this piece of Austrlia's heritage for future generations.

Yours sincerely, Judith Deland
