RE: Moolarben Coal Complex Stage 2 _ Preferred Project Report: Project No: 08_0135

To whom it may concern

I strongly object to the MCC PPR Stage 2 plan and call for The Drip and Corner Gorges to be transferred into the Goulburn River National Park to ensure the long term protection and appropriate management and legal public access to what is a regionally significant recreational, educational and cultural river corridor.

I urgently request that the Department of Planning appoint an independent expert panel to fully scrutinise the strategies, assumptions and actions of Moolarben Coal.

Yours sincerely

Karen McPhee
