RE: Moolarben Coal Complex Stage 2 _ Preferred Project Report: Project No:
08_0135

Dear Sir/Madam,

I wish to register my objection to stage 2 of this project due to the refusal of the company to transfer The Drip and Corner Gorges into the Goulburn River National Park.

I am horrified that the community and indeed the nation will lose the iconic sites, The Drip and Corner Gorges, which have been integral to cultural heritage for centuries.

Public access needs to be assured as well as long term protection and management of this beautiful, tranquil river corridor.

Yours sincerely,

Maria and David Cameron
