**Subject:** The Drip and Corner Gorges- they must be transferred

---

Dear minister, having seen the magnificent Drip- which I call the Great Dripping Stone-I object strongly

to the MCC PPR Stage 2 plan. Have you been there? This area is of great tourism value, equalling, in my opinion, the wave rock of Western Australia.

I am calling for The Drip and Corner Gorges to be transferred into the Goulburn River National Park, to ensure the long term protection and appropriate management, not to mention legal public access to this regionally significant recreational, educational and cultural river corridor.

Please consider-there is temporary gain in mining- permanent gain from protecting vital natural assets, & the habitat of flora and fauna.I appeal to your sense of community- the profits from mining mostly go offshore, leaving this country bereft of its most valuable assets, the land itself.

Yours faithfully, R.Dallow-Smith
