Subject: MCC PPR Stage 2 plan - a disgrace.

To Whom it May Concern,

I strongly object to the MCC PPR Stage 2 plan and I call for The Drip and Corner Gorges to be transferred into the Goulburn River National Park to ensure the long term protection and appropriate management and legal public access to this regionally significant recreational, educational and cultural river corridor.

Owing to the complexity and scale of the proposal, the cumulative impact of multiple mining mega-projects in the locality and the likelihood of major irreversible impacts on the downstream catchment, I request that the proposal be scrutinised by an independent, expert panel or Planning Assessment Commission (PAC).

Sincerely,
Suzy Flowers
