 Po box 1120

Mudgee, NSW  
 2850

Content:

I am writing in disgust at finding out the drip tourist area in this proposal has been taking over from crown land. This may have happened some time ago but Mudgee and surrounding residents were not aware. It has been kept under wraps. I took 3 English tourists out there last Friday and to my astonishment found this out on Monday!!!

QUESTION will mining around this area effect the underground springs that cause the dripping water into the gorge???

I am sure this area is never intended to be mined??  
 What effect will the dust and digging have to this sacred aboriginal cathedral???

Will the mine be funding to re establish the board wAlk below the stairs that has been washed away and r emove fallen trees from the walking track that have come down with age and floods!!

Mines have ruined wollar And now the government has allowed. You to purchase this absolutely brilliant tourist attraction and sacred site!!!

I hope you have no intention of damaging this area or surrounds  
 Can you prove mining around it will NOT damage it and the flora and fauna with in it?????

Absolutely disgusted Mudgee resident
