Dear May

Subject: Oxley Solar Farm SSD 10346 – EIS Review

Thank you for the opportunity to provide advice on the above matter. This is a response from the NSW Department of Regional NSW – Mining, Exploration and Geoscience (MEG).

MEG has reviewed the EIS documentation and has no concerns to raise. We note that an exploration licence application has been lodged over this site, and we will consult directly with the applicants to ensure they are aware of this proposal.

Queries regarding the above information should be directed to the GSNSW - Land Use team at landuse.minerals@geoscience.nsw.gov.au.

Yours sincerely,
