The Hon. Brad Hazzard MLA

Member for Wakehurst

Dear Minister,

We the residents of the southern side of Karingal Crescent, Frenchs Forest which adjoins the Karingal Reserve, express our total disapproval of the construction of twelve lanes along Warringah Road, between the intersections of Warringah Road and Wakehurst Parkway and Warringah Road and Forest Way.

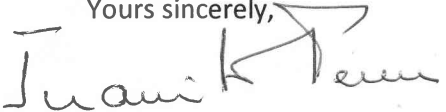

According to Stage 2 EIS which went on display on July 22, we shall be exposed to an unacceptable level of noise during the period of construction on the southern side of Warringah Road.

Please appreciate that there are a number of little children who live in this area. Their parents work daily. The noise during the period of construction, especially at night, will be detrimental to their health and to the health of a number of elderly, retired couples living in this area. Our quality of life will be much impaired. We also request you to note the deterioration of air quality and its subsequent consequences on us, the residents.

As our local Representative, we now request your personal ^{TER} intervention in the following matters.

- 1) The construction of a **four metre** noise barrier with the uppermost portion, about a metre and a half, in transparent material.
- 2) That this noise barrier be built before other works begin.
- 3) That the constructors of this noise barrier liaise with us the residents in order to construct a noise barrier which is esthetical to us as we shall have to face it from our back yards.
- 4) That the windows **of all the residents** on the southern side of Warringah Road which adjoins Karingal Reserve be double glazed. **This will only be achieved through you personal intervention.** You are our local Member, we request you to fight on our behalf and help us to obtain it.
- 5) **The construction of the noise barrier and double glazing of our windows prior to any works are imperatives.**
- 6) That Aquatic Drive be connected to Fitzpatrick Avenue. This is a large road and it will absorb some amount of traffic bringing some relief to Warringah Road.

Yours sincerely,

Prakash Odharjee
