TO,

THE DIRECTOR OF INFRASTRUCTURE.

DEPT. OF PLANNING AND ENVIRONMENT,

I HAVE JUST ACQUIRED A COPY OF THE LATEST
PLAN OF THE PROPOSED STAGE 2 PROJECT FOR THE NEW
NORTHERN BEACHES HOSPITAL.

I STRONGLY OBJECT TO THE PROPOSED NOISE BARRIER
ACROSS THE BOTTOM BOUNDARY OF OUR PROPERTY.
IT WILL SERVE NO PURPOSE TO THE HOUSES IMMEDIATELY
BEHIND, AS THEY ARE AT LEAST 20 METRES ABOVE
THE EXISTING FENCE.

THE BARRIER WILL BE IN CLOSE PROXIMITY OF THE
GARDEN FLAT.

WE WILL GET ENOUGH EXTRA NOISE FROM THE INCREASED
VOLUME OF TRAFFIC, WITHOUT HAVING NOISE BOUNCED OFF
THE BARRIER AT THE BACK.

WILL WE GET ANY SOUND DEADENING TO THE FRONT
WINDOWS OF THE HOUSE?

COULD YOU PLEASE LOOK INTO THE ABOVE?

YOURS SINCERELY

T. A Proctor

Pauline Proctor.
