Subject: Hunter Water to DoP - Notice of Exhibition – UON Honeysuckle Campus Stage 1A (SSD 9510)

Good morning [REDACTED]

Hunter Water has previously provided Preliminary Servicing Advice to the Hunter Development Corporation regarding the provision of water and sewer services to the proposed development of the University Campus within the Honeysuckle Precinct. This advice noted that there is currently sufficient capacity available in the water and sewer infrastructure to serve the proposed development. However, as capacity availability and system performance varies over time, a more detailed analysis will be undertaken upon lodgement of an application to Hunter Water for a **Notice of Formal Requirements**.

Regards

Malcolm Withers
