Hi Andrew

The EPA previously provided comments on SSD 7719 on 5 July 2016. The EPA has nothing further to add in response to the modification of SSD 7719 and our previous response still stands.

Hi Jane,

Thanks for providing the EPA's response to the Toyota warehouse and distribution facility EIS which is on exhibition until today.

The Department also sought comment on the Sigma warehouse and distribution facility (SSD 7719) at the same time. It would be appreciated if you could advise whether the EPA intends on providing a response to this EIS.

Thanks,

Andrew
