

56 KARINGAL CRESCENT
FRENCHS FOREST NSW 2086

24 Nov 2013

The decision to build the Northern Beaches Hospital in Frenchs Forest was made by the previous Labor Government. Please do not proceed on this as your Government (the O'Farrell Liberal Government) will be help responsible for all the problems which will most certainly arise as a consequence.

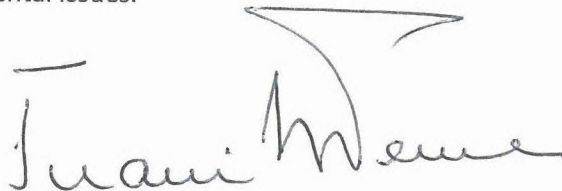

At present, Warringah Road has reached its peak by way of traffic congestion. We, living in the vicinity, are already subject to heavy pollution and as a consequence we are breathing foul air. We shall be subject to greater noise pollution.

For all the promises made by the present Government, the problem of traffic will not be resolved and the people living around will be forced to "muddle through" thanks to the decision to proceed with the building of the hospital. The flooding of Wakehurst Parkway will add to the traffic problems.

I bring to your attention the destruction of local amenity. I have already emphasised traffic and transport problems and I also add environmental issues.

PLEASE DESIST WITH THIS PLAN.

Juanito J. Perera

A handwritten signature in dark ink, appearing to read 'Juanito J. Perera'. The signature is fluid and cursive, with a large, stylized 'J' at the beginning.A handwritten signature in dark ink, appearing to read 'Claire Perera'. The signature is cursive and elegant, with a large 'C' at the beginning.
