St. Catherine's School Campus Master Plan.

I am writing in support of the St. Catherine's Campus Master Plan which is seeking Development Application approval.

I believe for the School to progress into the 21st Century and to cater to the wider community these buildings need to be built. All buildings are to be built where ~~existing~~ St. Cath's property exists. They are not acquiring additional land. The plans are extremely sympathetic to their surroundings. The new Performing Arts Centre will be transformational for not only the School but the wider community. Additional car parking spaces will help avoid local congestion.

I fully support this exciting new project and feel the local young ladies of today will benefit immensely as they will be the ones giving back to their community in the future.

Regards.
