TO WHOM IT MAY CONCERN

**RE: SSD 6339 St Catherine's School Campus Master Plan and
Stage 1 development**

I am writing to object strongly to the Masterplan DA and Stage 1 proposals currently before the Department of Planning & Environment as lodged by St Catherine's School, 26 Albion Street, Waverley.

- I object to the congestion caused by St Catherine's reliance on cars when trying to access Bondi Junction via Carrington/Darley Road in am and pm.
- I object to the lack of adequate parking on the school site. The school relies on local streets, including for teachers, volunteer and office staff, and construction workers' vehicles during construction.
- I object to proposed year round regular use of the new indoor heated pool complex and (capacity 250) and theatre (500) relying on local streets for parking.

I am resident of Randwick. St Catherine's School's taking over the surrounding streets already has an effect on streets in the Randwick Council Area. On site parking NOW is inadequate. All other landlocked private schools in the region provide staff and visitors with an on-site parking station. Why not St Catherine's?

I agree/disagree with my personal details being published on the NSW Department of Planning & Environment website or shared by others, including the proponent.

Yours faithfully
