Re Significant Development Modification: Fort Street Public School  
Application No. SSD-10340-Mod 1

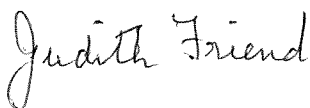

Dear Sir,

I am very pleased that the Fort Street School is to receive much needed renovations and improvements. The school is placed within a significant historical precinct on Observatory Hill in Sydney and therefore changes to the buildings and their environment need to be carefully considered.

The students will benefit from the planting of trees and improvements to the playground and buildings. It is important that any future changes to the height of the buildings should be limited to the scale of their surroundings. I ask that future planning remains mindful of this requirement.

Yours sincerely,

Judith Friend OAM
