

**870 Ophir Road, Summer Hill Creek, 2800**

**18<sup>th</sup> November 2013**

**Dubbo Zirconia Project**

Application No: SSD-5251

I am writing to object to the above proposal in its current form based on the following points:

1. I am concerned that this might be seen as an opportunity to mine uranium at a later date.
2. There are endangered species and ecological communities threatened by this project.
3. The project will disturb 170 ha including three endangered ecological communities and habitat for the threatened pink tailed worm lizard
4. There is a risk of contamination to surrounding water ways and ground water.
5. The impacts of the proposed pipeline and powerline have not been included in the impact assessment
6. I have concern over the proposed increase in truck movements.

Thank you for the opportunity to make a submission on this proposal.

Dr. Cilla Kinross
