Re: MP 10_0150 & MP 10_0149 – Graythwaite Concept Plan.

•
New Student pick-up and drop off using Union St.

The options included will cause traffic and pedestrian problems in the local streets resulting in severe safety concerns. The proposed driveway entrance is at the crest of a hill, a dangerous entry & exit point for a driveway. Also at sunset, visibility is reduced for drivers travelling west, causing additional safety concerns if they are turning right into the driveway.

Please consider the pedestrians that use Union St to get to bus/train and ferry services. There will be additional Shore driveways to cross. The proposed driveways would result in children having to cross 5 lanes of driveways, negotiate waiting cars in the driveways, purely to be able to walk along Union St to school.

Please also consider the local school children who need to cross Union St during these busy times. The green option would be to encourage Shore students to continue to use the excellent public transport options in North Sydney, rather than encourage easier drop-off/collection points for parents.

I OBJECT TO THIS APPLICATION.
