1 December 2011

Mr Ben Eveleigh  
Department of Planning  
GPO Box 39  
SYDNEY NSW 2001

Dear Sir/Madam

**Re: The Shore School's proposal for Graythwaite**

I write this letter in support of the proposal and submissions that Shore has made to the Department of Planning infrastructure. I support the Shore School and their plans, in particular their desire to maintain an existing historical structure, and from what I can see, to basically improve the grounds as well as the property without over developing the site.

I see their application as being an enhancement to the existing site that the government, nor any other department, has been able to achieve over recent years. I do not see any other developer as being capable of rectifying the site.

Yours faithfully

  
JAKE JOHNSTONE
