Re: MP 10_0150 & MP 10_0149 – Graythwaite Concept Plan

In regard to any application, the Department of Planning must look at the actual impacts that will result .

This application is asking for approval for a 3 stage development that would increase school numbers by 495 and would result in severe traffic impacts for the local community.

These impacts have not been assessed or analysed and no workable solutions have been presented.

The Proponent cannot simply leave the analysis of traffic impacts to some future time.

I OBJECT TO THIS APPLICATION.
