Dear Ben,

Thank you for your letter of 2 November 2011 requesting comment on the revised environmental assessment for the Graythwaite concept plan.

Sydney Water provided comments on the initial environmental assessment confirming capacity in our network for the proposed works. As the revised environmental assessment demonstrates no demand for an increase in capacity as a result of the now proposed works, Sydney Water has no objection to the revised plan.

If you require any further information, please contact the Urban Growth Branch on 02 8849 4004 or e-mail urbangrowth@sydneywater.com.au

Yours sincerely,
