OF PLANNING.

Sam & Antonia Larobina
106 Capitol Hill Dr.
Mt. Vernon 2178
5th May 2011

To whom it may concern, We Strongly wish to object to the proposed application of the project (10-0129 and 10-0130) which has currently been lodged to the department of planning. The area in question was rezoned after land was purchased by residents (in the CAPITOL HILL ESTATE), as a semi-rural estate in the early 1990's. The RURAL Landscape will be destroyed, the risk to ourselves and our family of air pollutants is of paramount concern. Noise is another issue of concern as is the visual impact of semi-rural landscape overtaken by machinery and storage. There must be a GREEN belt for the residents. The risk of devaluation of our property is also of course a concern to us.

We Strongly urge you to REJECT the proposal.

Yours faithfully
SAM & ANTONIA LAROBINA

 A. Larobina
